PEE WEES ONE GAME AWAY FROM ONTARIO CHAMPIONSHIP

The Stirling Legion Pee Wees have defeated Six Nations, near Brantford, in their first two games, to lead in their best of five All Ontario Pee Wee "D" Finals.

First Game

The first game was played at the Stirling Arena Friday of last week. The boys, although they were out weighed, came up with a 9 to 3 victory.

Marksmen for the Stirling squad were Mark Dobson, Dave Jeffs with singles, Kevin Solmes, Robert deJong and Cliff Reid with two goals each. The boys were behind 2-0 at one time but came back to overcome the two goals.

Won Second

Game 7-2

The boys travelled to Watford on Sunday, which is where the Six Nations Club plays their home games. The Stirling boys were victorious again, coming up with a 7-2 win. Stirling scorers were Stan Myers with one; Kevin Solmes with two and Robert deJong who potted four goals.

There were many Stirling hockey fans on hand to cheer the boys to their well deserved victory. The club wishes to thank Joe Whitehead who arranged for the second bus to Watford.

PLAY HERE SATURDAY NIGHT

The third game of the series will be at Stirling Arena Saturday night, April 4th at 8.00 p.m. A win for the Stirling boys will give them the Provincial championship. See you at the game.

In Hospital

Patients in Belleville General Hospital include Gordon W. Bailey, C. B. Rollins, Hubert "Tip" Blea, Mrs. Earl Eggleton, Mrs. Sid Williams, Mr. A. R. Caswell and Stan Thompson.

Cdes. will meet at Tanner's Service Station at 8.30 a.m. sharp for service at St. James the Minor Catholic Church at 9.00 a.m. Father J. F. McGarvey, Branch Padre, will be in charge of the service.

Stirling Lodge No. 239, IOOF, Held Annual Family Night

(by Mrs. Percy MacMullen)

On Thursday evening, March 26th, Stirling Oddfellows Lodge, No. 239, held their annual Family Night at the IOOF Temple in honour of the anniversary of Thos. Wilkey, Founder of Oddfellowship on the North American Continent. There was a good attendance despite other attractions in the Village.

Noble Grand Maurice Faulkner opened the programme with "O Canada" with Mrs. Burton Woodbeck as accompanist. He then introduced R. E. Fox, a Past Grand Master, who acted as chairman and also gave a brief history of the founder, Thos. Wilkey. Valerie and Janice Clancy sang, with their mother, Mrs. Gerald Clancy, giving piano accompaniment. Roy LaChapelle and daughters Lana and Sandra provided musical numbers and Lana gave her speech, "Ways of Communicating." Gerald Taylor and daughter Beth contributed piano music. Mrs. Roy Tucker read a humorous article. Douglas Faulkner sang

LAST SUNDAY FOR SKATING

This Sunday afternoon will be the last chance for public skating at the Stirling Arena this season. It is expected that following the Novice play off game Monday night the ice making plant at the Area will be shut off.

In Hospital

Mrs. Ellis Jones, Rylstone correspondent for the Stirling News-Argus is a patient in Campbellford Memorial Hospital, following a coronary attack.

WATCH THOSE GRASS FIRES

Just a reminder to all homeowners. When burning grass around your home at clean up time, make sure that you are able to keep it under control. Your neighbour's property may be just as valuable as yours. PLEASE BE CAREFUL!

Completes Course

Robert Atkins, son of Mr. and Mrs. Alfred Atkins, R.R. 5 Stirling, was successful in completing his Dairy Course at Kemptville Agricultural School. Robert also received the Lawason Trophy for the student showing best attitude to dairy work. He also received first prize in Dairy Science and the first prize in Market Milk and Plant Management. He also received third prize in Dairy Products Testing.

Stirling Oldtimers To Play Frankford Thursday Night

Following the Stirling Legion Novice and Pee Wee House League play-offs Thursday night, the Stirling Oldtimers will play host to Frankford Oldtimers in a return match which was tied 1-1 during the Frankford Winter Carnival.

In the Novice Playoffs for the Stirling Legion Trophy, R. D. Cooke Cartage have defeated deJong Construction by the score of 3-1 and lost the second game by the score of 2-1.

In the Pee Wee play-offs for the Major S. Fraser Trophy the games have also been split with Elaine Footwear defeating Riverside Construction by the score of 3-2 and losing the second game by the score of 2-0.

with Mrs. Sheldon McIntosh as accompanist. Mrs. Goldie McIntosh led the group in assembly singing with Mrs. Philip Conley as accompanist.

Jewel Presented

District Deputy K. J. Morrison, of Madoc District No. 45, presented Bro. John Heagle with a 25 year jewel.

Gives Travelogue

George Carlisle gave a very informative travelogue with scenic pictures of a conducted tour to Florida during the Christmas holiday. Mrs. Carlisle had a variety of booklets and a souvenir of real cotton. Mrs. Gerald Russett was in charge of the projector.

The programme closed with the singing of the Queen and lunch followed in the banquet hall.

The balance of the evening was spent in dancing with Norman and Ernest Rosebush, Kenneth Morrow and Mrs. Philip Conley providing the music. The squares were called by Ed Kent and Jim McDonnell.

EASTER EGGS

The Senior Citizens were treated last week to an Easter party by Florence MacMullen, her daughter Eileen and a granddaughter Betty Demorest. This trio not only served a nice lunch but presented a very pleasing programme. Florence delighted us with several readings and Betty in good form played a nice piano solo. I think Eileen made the lovely cake we all enjoyed and served so well. She passed a nice treat of Easter eggs and must have been very efficient in her duties for one of our girls blew a button from some where near her bread basket.

President Fred was fluent in expressing the thanks of us all. Helen Reid celebrated a birthday anniversary on March 29th. We all hope it was a happy one.

Speaking of Easter eggs, did you hear about the kid who thought he would surprise his mother when she collected the eggs? He painted them various colours so that she would think the hens had laid Easter eggs. Before the collection, the rooster came along and seeing the coloured eggs, he got so mad he jumped over in the next yard and knocked the deuce out of their peacock.

Cheer up girls it's housecleaning time.

Mr. and Mrs. Arthur Pyear Honoured On 50th Wedding Anniversary

Mr. and Mrs. Russell Pyear and Mr. and Mrs. Douglas Pyear entertained in honour of their parents, Mr. and Mrs. Arthur Pyear on the occasion of their fiftieth wedding anniversary at their home, Carmel.

On Saturday evening forty relatives enjoyed a social get-together. After a programme of vocal solos, group singing, piano music and monologues, lunch was served by the family assisted by Mrs. Helen Neal and Mrs. Douglas Martin. Visiting and reminiscing concluded a very enjoyable evening.

Guests were present from Toronto, Dunbarton, Oshawa, Rednersville, Belleville, Frankford, Wellman's, Stirling and Carmel.

Open House

Sunday afternoon "Open House" was held, when neighbors and friends called to extend congratulations and good wishes.

A plaque was received from the Ontario Government through Dr. R. T. Potter MPP; telegrams from Hon. John Roberts, Prime Minister of Ontario; Hon. Robt. Stanfield, Hon. Geo. Hees MP, Prime Minister Trudeau and messages from Mr. Lee Grills MP and Sidney Township Council.

Miss Vera Fern Hubel, Con. 1 Rawdon and Arthur Nelson Pyear, Con. 9 Sidney, were married March 24th, 1920 at the Methodist Parsonage, Stirling, by the Rev. F. H. Howard. Their attendants were Mrs. Alice Fitzgerald, Carrying Place, who was unable to attend owing to illness and the late Russell Hubel, brother of the bride. They have lived on their farm at Carmel since their marriage and have two sons, Russell, of Belleville and Douglas in the Carmel community; also three grandsons, Barry, Leslie and Duane Pyear.

Rev. MacPherson Leaving St. Andrew's Church

Rev. D. C. MacPherson, B.A., Th.B., preached his farewell sermon at St. Andrew's Presbyterian Church on Easter Sunday, March 29th.

Rev. and Mrs. MacPherson came to Stirling four years ago from Woodstock, New Brunswick. In these years he has ministered to the congregation of St. Andrew's West Huntingdon and St. Andrew's Stirling.

Immediately following Church or Sunday a presentation was made to Rev. and Mrs. MacPherson by the Chairman of the Board on behalf of the session and congregation.

Mrs. Don Farney made a presentation to Mrs. MacPherson on behalf of the Presbyterian Women.

Both West Huntingdon and Stirling congregations join in wishing Rev. and Mrs. MacPherson many years of health and happiness.

Girls Defeat Fathers In Hockey

Thursday night of last week the Stirling girls hockey team came out 7 to 4 winners over their fathers in an exhibition game at the local Arena. Scoring for the girls were Brenda Hay with 2 and singles to Susan Wright, Shelly Farrell, Debbie Lessard, Joan and Jane Bailey. Goal scorers for the fathers were Ted Dobson with two and singles going to Jim Wright and Glenn Bush.

Bereft of Mother

Stirling Novices Win Eastern Ont. Legion Championship Trophy

Gerald McCrory, Novice OMHA Conventor, presented the Novice Legion All Stars with the trophy Thursday night. Stirling won the trophy by defeating Marmora in the final round of the playoffs.

In a hard played, closely fought series, Stirling won the final game 2 to 1, thus winning the series 2 to 1. Final game scorers were Mark Dobson and Craig Morton.

The Novices now move into Zone finals, which is the highest category in Novice OMHA playoffs.

WON FIRST GAME AGAINST NORWOOD

The Stirling Novices overpowered the Norwood team Monday night at the Stirling Arena to the tune of 8-1. Second game of the best three out of five series will be played in Norwood Wednesday night.

Third Game Here Monday Night

The third game of the final series is slated for the Stirling Arena Monday night, April 6th at 7.00 p.m.

A large crowd supported the boys in their quest for the cup and by the sound of the cheering they all enjoyed the game. The boys appreciate your loyal support and hope to see you at their next game.

96th Anniversary Mrs. Chas. Mumby

Wellman's W.I.

Mrs. Kenneth Tompkins was hostess at her home March 18th for the regular meeting of Wellman's Women's Institute. 14 members and 6 visitors attended.

Mrs. Lindsay Pollock brought everyone up to date on the current events. The motto given by Mrs. Akins based on the theme safety "Keep pint-sized children away from man sized machinery" brought out the dangers to children when adults

are careless around farm machinery. The roll call was answered with "Your household menace".

The main feature of the programme was Mr. Mackay from Belleville, who is safety inspector and spoke on safety. Mrs. Carl Clancy introduced Mr. Mackay and also extended thanks to him and presented him with a small gift in appreciation from the members. The balance of the programme arranged by Mrs. Clancy included readings by Mrs. Omar Dra-

cup, "St. Patrick"; Mrs. John Rainie, "An Irish Legan of Leap Year"; Mrs. Douglas Clancy, "St. Patrick's Day"; piano music by Mrs. Fred Beckett, "Easter Parade"; "Gems of Erin". A solo Mrs. Kenneth Tompkins "Dance by Boy".

Mrs. Akins reported attending the executive meeting of North Hastings District when plans were made for the District Annual to be held May 21 at Eldorado Church.

Mrs. Jim Pollock, Mrs. Fred Beck-

ett and Mrs. Bruce Stapley were the March birthdays who contributed to the birthday box.

Mrs. Jim Pollock, president presided for the opening, the business and the closing of the meeting.

Lunch was served by the hostess and the lunch committee for March.

The next meeting will be the annual meeting when all convenors are expected to have reports of the year ready. The meeting will be held at the home of Mrs. Wm. Fleming.

Mount Pleasant Messengers

On Sunday Morning the Messenger Group convened in the Church Hall with over forty in attendance.

The programme opened with quiet music by Margaret Hoard. Jill McAdam presided and all sang "Praise Him." The Devotional based on the theme "The Meaning of the Resurrection" was presented by Mrs.

Stanley Williams with the president reading each Bible verse and at the close a reading by David Jeffs.

The offering was gathered by Loretta Hoard and Jennifer Joslin and dedicated and all sang a children's hymn.

Mrs. Raymond McConnell announced a pot luck dinner at the Church hall on May 3rd for everyone. The literature for Quin-Mo-Lac Camp is now available and plans can be made by the parents.

Kathy Sharpe was in charge of minutes and roll call. The programme consisted of piano solos by Suzette Morgan and Lynn Joslin, selections were read by Gail Merrick, John Knapton and the president, Glenn Merrick contributed an accordion selection and Kim Graff gave riddles.

Mrs. Raymond McConnell read the Junior Study chapter and Mrs. Grant Hubble synopsized the Senior Book.

The children then enjoyed a hunt for Easter eggs. At the close the leaders distributed Easter treats.

Do You Remember?

— TWENTY-FIVE YEARS AGO —
ISSUE MARCH 29th, 1945

Taking advantage of the early
Spring, C. E. Macklin planted some
radish and lettuce seeds in his garden
on St. Patrick's Day and both vegetables
are now up.

Operations began this week on the
erection of a new hydro-electric sub-
station on a site at the eastern limits
of this village.

Early Tuesday morning fire de-
stroyed a large driveway belonging
to Volney Richardson, 3rd Conces-
sion of Rawdon.

At a meeting of Village Council
the job of redecorating the Stirling
Theatre was given to Maurice Bell,
local decorator.

Margaret Bernice Dunham, daugh-
ter of Mr. and Mrs. Charles Dunham,
Wellman's, became the bride of Mr.
Byron Amos Seeley, son of Mr. and
Mrs. Joseph Seeley, Shannonville, on
March 24th, 1945. Rev. T. F. Towns-
end officiated at Rawdon United
Church Manse.

Local 171 N.F.U. March Meeting

The March meeting of Local 171 of
National Farmers' Union was held at
the home of Mr. and Mrs. James Spry
with a good attendance.

The Union ladies catered to Mr.
Spry's sale and it proved very suc-
cessful.

Final plans were made for the
Charter Night to be held April 8th in
Spring Brook Hall, which will include
a supper. Speaker will be Mr. Walter
Miller, 1st Vice-President of NFU.

Guest Speakers

The President welcomed the first
guest speaker, Mr. Bill Kirk, Renfrew
County, who is Supervisor of Organi-
zation for Districts 10 to 14. He spoke
on how to organize for the Charter
Night. He also touched on the Dairy
Commission and other interesting
subjects.

The next speaker, Mr. Ken Mariset,
District 10 Director, spoke on
numerous subjects, followed by a
question period.

Walter Acker thanked both speak-
ers for their interesting subjects.
Next meeting will be held at the
home of Mr. and Mrs. George Wil-
liams April 14th.

Jeanne Williams thanked Mr. and
Mrs. Spry for the use of their home.
Lunch was served and a social time
spent.

Entered Into Rest

MRS. GEORGE McCURDY

Ill for only the past week, Mrs.
Emma Jane McCurdy, of Springbrook,
wife of the late George McCurdy,
died at the Hastings Manor on Wed-
nesday, March 25th, 1970. She was
74 years of age.

Born at Springbrook, she was the
daughter of the late Mr. and Mrs.
David Mumby and had lived in the

Springbrook and West Huntingdon
areas all her life. She was a mem-
ber of St. Mark's Anglican Church at
Bonarlaw.

She is survived by two sisters Mrs.
Frederick (Jessie) Hallett, Toronto,
and Mrs. Robert (Florence) Sweet,
of Springbrook, and four brothers,
William of Belleville, Percy Spring-
brook, Angus of Moira and Arthur of
Tweed. One brother, George Mumby
and two sisters, Mrs. Susie Bateman
and Mrs. Minnie Lough, predeceased
her.

The funeral was held on Friday,
March 27th from the Hogle Funeral
Home, Stirling. Service was con-
ducted in the chapel by Rev. J. A. Dunlop,
of Belleville. Entombment was in the
Stirling Cemetery Vault.

Safe Reheating Frozen Foods

Should prepared dishes like casse-
roles be thawed before heating?
Generally, it is safer to heat these
dishes without thawing, even though
they will take longer to reheat.
Home economists, Macdonald Insti-
tute, University of Guelph, suggest
that when precooking casseroles for
freezing, slightly undercook them,
so when reheating there is less tend-
ency to overcook top or sides. If
the casserole dish cannot withstand
sudden temperature changes from
freezer to oven, do not preheat oven
before putting the dish in oven.

Freezer wrappings may be remov-
ed easily from frozen meat by im-
mersing meat in hot water for a few
minutes. Food experts, Macdonald
Institute, University of Guelph say
that any surface color changes caused
by this method do not affect the
quality.

Ordinary butcher paper or waxed
paper should not be used for wrap-
ping frozen foods when they are stor-

ed for more than three days. These
materials are not sufficiently mois-
ture-proof, and can cause freezer
burn and a lowering of food quality.
The best freezer packaging materials,
say home economists, Macdonald In-
stitute, University of Guelph, are
polyethylene, plastic or waxed con-
tainers or cellophane bags, freezer
paper or aluminum foil. These con-
tainers should be sealed well, to ex-
clude as much air as possible.

Can thawed frozen food be refroz-

ed? If some ice crystals are still pre-
sent in the food, it may be refrozen
without risk of food poisoning.
When the food has been thawed for
some time and/or the freezer tem-
perature is above 50 degrees F.,
home economists, Macdonald Insti-
tute, University of Guelph, recom-
mend discarding vegetables, proces-
sed meats and fish. If other meats
and poultry still have a fresh odor,
they may be cooked thoroughly and
eaten. Fruits can be refrozen safely,
although the color, flavor and texture
may be unsatisfactory.

THE BIBLE TODAY

For many Muslims who do not
know Arabic, the sacred words of the
Koran in the original tongue are
greatly revered; to translate
them is regarded as deplorable —
simply to hear them without un-
derstanding their meaning is thought to
convey God's blessing.

Christians must never fall into the
same trap. For the Bible is of real
value only as it speaks to the mind
the heart and conscience of the read-
er. This being so, then surely the
one thing that matters is that it
should be clearly understood thereby
pointing the way to true life.

This is no new idea in Christian
witness. Paul, certainly, was well

aware of the problems of capturing
the interest of people of entirely dif-
ferent cultures from his own. But he
was always prepared to adapt him-
self as he did to Greek thinking
when addressing the Stoics. He spoke
in thought forms which they under-
stood, even quoting their own writ-
ers:

"In him we live and move and
have our being; as even some of
your poets have said:

For we are indeed his offspring."
Paul never hesitated to adapt ex-
pression of his message to the

thought of those to whom he preach-
ed. The Bible Society must not hesi-
tate to follow in his footsteps.

FRANZ-PAUL DECKER

"... I like to do something, so
that people can say, after a certain
time 'Decker was not here in vain.'
Franz-Paul Decker once made this
statement, and as conductor of the
Montreal Symphony Orchestra since
1967, his aim has undoubtedly been
to build a first-rate, internationally

important orchestra. CBC-Radio net-

IN MEMORIAM

MAYBEE — In loving memory of my dear husband, Everett, who passed away April 5th, 1968. As we journey towards life's sunset, Mourning him who went before; Faith keeps saying you'll be with him When you reach the other shore.
— Sadly missed by wife Evelyn and son Don. 13-1p

MAYBEE — In loving memory of our dear father, Everett Maybee, who passed away April 5th, 1968. In a quiet hillside graveyard Where the breezes gently blow, Lies the one we loved so dearly, That we lost just two years ago. He left behind some aching hearts That loved him most sincere, We never did, we never will Forget you, Father dear
— Sadly missed by daughter Dorcen, son in law Ed and grandchildren 13-1p

MAYBEE — In loving memory of a dear father and grandfather, Everett Maybee, who passed away April 5th, 1968. In tears we saw you sinking, We watched you fade away, Our hearts were almost broken, You fought so hard to stay, But when we saw you sleeping So peacefully free from pain We could not wish you back, Dad, To suffer that again.
— Lovingly remembered by Allan and Betty Lake and family. 13-1p

WHITEHEAD — In loving memory of a dear husband and father, Joseph S. Whitehead, who passed away April 4th, 1960.

A LOOK AT POLLUTION

Have you ever stopped for a moment and realized what pollution is how it is caused and some of the results of pollution? Or do you, like so many thousands of people, try and shrug the thought off and say to yourself, "Oh pollution is none of my concern because I live in a clean rural community — that's someone else's problem."

Many people feel that pollution of land, air and water is only produced in areas of large industry and dense populations. It is true that these areas are a major source of waste and poisons that are flushed into once fresh streams and lakes and deadly gases are speared into the air; but we don't have to look over the fence to see the effects of pollution.

Rawdon Creek that picturesquely flows through the Village of Stirling once was a natural annual spawning area for the Walleye or pickerel and only ten years ago they were still using it in fairly large numbers. Since then there has been a general decline in numbers until now the count would be next to nil. The few that do challenge the run have to risk the chance of being speared by some nimrod who cannot wait and give the fish a fighting chance. These pickerel, along with the pike and a few other species, migrate from the Trent River which still gives up a good annual angler harvest. It is my opinion that the lower reaches of the Rawdon Creek are not suitable for Walleye spawning as far as water quality goes.

Local authorities have been working very ardently and are achieving some success in dealing with pollu-

tion, but we, as citizens must lend a hand to help in every way we can. If we fail to do our part to control pollution, we are in a sense, depriving and even robbing our children and grandchildren of all the fresh air, fertile soil and clean water and all the resources and benefits that go with them that we have been enjoying in the past. THINK ABOUT IT!

PROUD OF SPRINGBROOK

When I get up to Heaven and They ask me where I'm from, I'm sure to answer 'SPRINGBROOK' and they'll say to me "How come?" You know that country village no longer is alive, it's just a part of Stirling now, R.R. number five.

You must move along with progress friend, or you'll get in a rut. If you can't accept these changes, well you're just some kind of nut.

Sure we've had some churches closed and a lot of home-town schools. But we must not disapprove you know, or we'll be classed as 'fools'.

Somebody sitting at a desk, from these places far removed, thinks that with that little pen, our lives have been improved. We'll save a lot of money with these more convenient ways. But instead of saving money, our taxes take a raise.

There is no room for sentiment in our world to-day. The only thing that matters is, can we make it pay?

A lot of our old systems have paid their way for years,

In a world that looked much brighter, and filled with lesser fears.

Those folks with "facts and figures" I think sometimes forget. That with all our higher learning we're just "human beings" yet. And we would be much happier without this extra strain. Of wondering where it all will end and how much will remain.

There's one thing left that comforts me, one thing I know for sure, 'Though Heaven and Earth may pass away, God's word will still endure. There's still one thing the Govt. hasn't yet quite got control, And it makes me very happy to know "God" keeps my soul.

You're sure to find when most folks check their forms and send them in That they would like our "postal service" to continue as it's been. A lot of people don't drive cars, and can't get out to Town, Every time there's something can't be sent or brought around.

A letter that is "registered" or perhaps a C.O.D.

A parcel that won't fit the box, a trip to Town for these, We'd like to keep our Office and our Address just the same, For we're just as proud of SPRINGBROOK as we are of our name.

Snowmobile owners are reminded by the Ontario Safety League that regulations require all vehicles to be registered with the Department of Transport, and they must carry a licence plate on the front. With some exceptions, snowmobiles may be used on highways under municipal jurisdiction, but not on King's Highway. To be used on a highway, the driver must be 16 or over, and carry liability insurance; but does not require a driver's licence.

Dollars and Good Sense

by WILLIAM J. MARTIN

This column is a regular weekly feature prepared by the family Financial Counselling Service of the Avco Delta Corporation, P.O. Box 2820, London, Ontario. All questions submitted to the above address will be answered, in print or by return mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

QUESTION — Dear Mr. Martin: Down with budgeting! You've made our lives so bleak and bare that I think I'm going to crack up. You wrote recently in one of your columns that every family ought to have a budget and that's exactly what my problem is. The budget my husband has worked up is so rigid that there is hardly a penny for anything outside of the absolute necessities. There is no extra money in the food budget, for instance, for an occasional dessert or snacks for the children. I admit we didn't manage our money very well before, but I think we've gone from the ridiculous to the ridiculous. I don't dare even mention getting my hair set because I know it isn't in the budget. It's easy for you to sit up there in your ivory tower and dispense advice. I wonder what you would do if you had to face a real life situation everyday.

ANSWER: — Even though I dispense advice, I can assure you I don't do it from an ivory tower. If that's the impression I give, then I truly regret it. My advice to readers of this column is based on my personal experiences and the experiences and the experiences of many others. Obviously, it's easier for me to advise the reader what to do since I'm looking at the situation objectively. I'm not directly involved in the particular problem so that I can be more rational . . . and hopefully more helpful. Anyway, this is how I

try to operate. Now, if I may, I'd like to explain my side of the budgeting story. At the outset, let me stress that I do not (repeat) do not recommend or even condone a rigid inflexible budgeting plan like yours. Only in an extreme emergency should such a schedule be followed. And only for a short time. Just enough to get the family back on its financial feet. Even then, it's imperative that both husband and wife (and children) understand in the beginning that they will have to do without frills for awhile or long enough for them to become solvent.

My point is this: Business can't operate without a budget and neither can a family sustain itself without some kind of money plan. It need not be any more than a device to let you know how much money you have coming in . . . how much is going out . . . and how much you can make adjustments to get the most from your money. You should stick to a rigid budget. Life moves at a rapid pace these days. Every family, no matter how budget-conscious they may be, needs to work into their plan a certain amount for entertainment and relaxation. It's absolutely necessary to keep the family together . . . and happy.

So, get off the budget and enjoy yourselves, occasionally. Don't let a budget destroy your family. If that's the case, then I too will say "down with budgeting!"

River Valley 4-H Club Meeting

5th Meeting

Roll call was "Name an outstanding accomplishment of the person whom I have written my story."

Home assignment was teach mouth to mouth rescue breathing to other members of your family and report how many members know how to do it. Work was also to be done on the first aid kit.

6th Meeting

Roll call was a defect in my posture and how I could correct it. Home assignment was to work on craft (if not completed) and bring to next meeting. Write an evaluation of the book you have read during the project.

Mrs. Brooks introduced Mrs. Young from Deloro and Col. Simpson from Kingston, who is head of the St. John Ambulance of Eastern Ontario. Col. Simpson showed a film on first aid, assisted by Mrs. Young. Three visiting clubs also attended, Stirling, Wallbridge and Harold.

Debbie Gliddon thanked the guests. A delicious lunch was served.

4-H IS FOR GROWING PEOPLE

By Dianne Gunning

What is meant by the term "4-H"? The term describes a programme available to all youth in every county and district in Ontario and Canada. The development of the 4-H's — Head, Heart, Hands and Health — is the main philosophy behind this programme. As a 4-H member, I can say from my experience, that 4-H clubs are so organized that the objective of the all-around development of the individual can be met effectively. If the member puts forth an effort. The true value of the programme is determined by the individual participant as he takes part in numerous, varied 4-H projects.

The 4-H member is eligible for countless awards in his county, and at the provincial level he can work towards participating in National and International Conferences, and Inter-Provincial exchange trips. The true success of the member, however, cannot be measured in tangible evidences. His acquired knowledge in the field of agriculture is one major importance of a 4-H career, but even more important is the development of the member into an individual more capable of meeting and dealing with people, and asserting his position in life; i.e., a more constructive member of society. This development of the individual, a prime objective of the 4-H programme, is met through the organization's motto of "LEARN TO DO BY DOING".

MILK HOUSE FACTS

By Donald E. Presant

Dairy farmers, who are planning to construct a milkhouse this spring should keep the following facts in mind:

1. To pass inspection the inside walls and ceiling of a milkhouse must be dry.

2. If the walls and ceiling are to remain dry, they must be much warmer than outside temperatures.

3. To be much warmer than outside temperatures, walls and ceiling must be well insulated.

If we compare two common types of milkhouses this is what we find:

Type No. 1
Frame construction, 4" batts in walls, 6" batts in ceiling, plastic vapour barrier inside of insulation lined with cement asbestos board, steel outside — R (insulating) value of wall is 17.

Type No. 2
Concrete block construction, 1" styrofoam insulation on inside of block wall, stucco finish over styrofoam — R (insulating) value of wall is 6.

What This Means To You

1. The insulated frame milkhouse

wall has almost 3 times more insulation than the insulated block wall.
2. Local contractors tell me that they charge more money to construct the insulated block milk house.
3. If you want to pay more money for a milk house which is only one-third as well insulated, this is your privilege.

BASIC HERD — 1969 INCOME TAX — WHITE PAPER

By T. Wayne Martin

Livestock farmers have been able to treat part of their herds as a capital investment. At present and in the past it has been advantageous for most livestock producers to have a Basic Herd established since at the time of dispersal, or an estate settlement, the basic herd is considered capital and therefore not subject to income tax.

Under the proposals of the government's White Paper capital gains would in future be taxable and the "Basic Herd" concept would not be used. The government does not propose to tax capital gains that occur before the new system would begin and the fair market value of a farmer's basic herd at the beginning of the new system would be tax-exempt. What does this mean to you as a livestock farmer?

To benefit from the Basic Herd provision, particularly in view of the White Paper, you should establish your basic herd before filing your 1969 Income Tax Return. This would then enable you to increase your basic herd by any mature animals acquired in 1969.

The 1969 Farmer's and Fisherman's Tax Guides, pages 14 and 15 contains some information on setting up your Basic Herd. For complete information, the necessary application forms, and assistance in setting up a Basic Herd, contact your District Taxation Office in the Federal Building, Belleville.

WEEKLY REPORT

FROM

FOXBORO DISTRICT

(BY JACK WOOD)

SUPPLEMENTAL NITROGEN FOR CORN

Many farmers are planning their corn crop for this year right now, and the question of the use of supplemental nitrogen has come up in discussions with some of these men. . . . Why and when should it be applied?

Corn is a heavy feeder on plant nutrients. As yields increase, the content of nitrogen, phosphate and potash in the corn plant increases. Tests show that nitrogen increases at a greater rate than potash and phosphate. But what is most interesting is that most of the nitrogen is in the grain portion, while the potash is almost entirely in the stover. The nitrogen doesn't return to the ground, then like the potash in the crop residues. And it explains why additional nitrogen must be added to the crop in the growing season.

The high rates of nitrogen required by your corn crop means that you won't be able to add it all as mixed fertilizer. You will have to pre-plant or side-dress with it as well. Liquid nitrogen and anhydrous (or gaseous) ammonia are common forms of supplemental nitrogen and are readily available. Liquid nitrogen is more desirable to use than anhydrous ammonia. Aqua is convenient and safer for both the operator and the crop. It is applied under low pressure, which is potentially less dangerous than the high pressure method for anhydrous. The aqua applicator knives need penetrate only 3 - 4 inches into the soil, as compared to 8 - 9 inches for anhydrous equipment, and so plant roots are less likely to be cut during a side dressing operation.

Pre-planting liquid nitrogen about 48 hours before seeding seems to be the most effective timing. It gets the nitrogen into the ground so it is available from germination on, in the plant growth cycle, but you can run into the same difficulty as many farmers experienced last year. The cold wet weather kept land work to a minimum, then the weather changed so rapidly, that there wasn't time to pre-plant before seeding. You can

still apply either aqua or anhydrous ammonia as a side-dressing however and get excellent results, if you have weather problems again this year.

Plan to apply the supplemental nitrogen anytime up to the point the corn reaches a height of about 18 inches. You won't damage the corn roots too much during this period, and you will get the nitrogen to the corn before it reaches the period of peak demand for nitrogen.

Both forms of nitrogen are economical to use, and both produce good plant growth and tend to hasten maturity. Aqua is useful on a wider range of soils, and is particularly good for coarse and clayey soils. Both forms of nitrogen will boost yields of corn per acre, which is the name of the game in the final analysis.

Trailer Club To Hold Meeting

The Trent Centennial Trailer Club was formed in 1967. In this particular year the Quinte Travel Club had a waiting list of sufficient number to form the nucleus of another club. The Quinte Club invited these waiting trailerists to a meeting at the park in Frankford. These few families were very enthused about this type of organization and soon a new club was formed. The name Trent Centennial was derived from the fact that the club was formed in Centennial year and the organizational meeting took place by the Trent River.

President of Rebekah Assembly Visits Laurel Rebekah Lodge

A very pleasant evening was spent in the IOOF Temple, Stirling, on Tuesday, March 24th, when members of Laurel Rebekah Lodge No. 211 and Quintana Rebekah Lodge No. 133 of Belleville, combined a Reception for Sister Sarah Laidlaw, President of the Rebekah Assembly of Ontario.

Sister Elda Sopha, Noble Grand of Quintana and her officers officiated during the opening ceremonies, after which the officers of Laurel Lodge assumed their stations. Noble Grand Sis. Elleen Woodcox welcomed more than 100 members and visitors.

Sis. Patricia Merrill, PNG, received and introduced the President, Sis. Sarah Laidlaw. Sis. Edna Fox, PNG, presented her with a corsage of pink and green tinted carnations and Sis. Verna Woodbeck PNG sang "Our Best to You." Sis. Nina Neal PNG introduced Sis. Irene Aman, PNG, President of the Ladies Auxiliary Patriarchs Militant. Sis. Marion Carter presented her with a corsage of mums. Sis. Lillian Johnson, PNG, introduced Bro. Earl Fox, Past Grand Master of the Grand Lodge of Ontario and Sis. Verna Woodbeck PNG,

STIRLING HORTICULTURAL SOCIETY

presented him with a carnation boutonniere. Sister Neva Vandervoort, PNG, introduced Sis. Bernice Booth, District Deputy President of Belleville District No. 4. Sis. Olive Whitehead PNG presented her with a corsage of yellow and white mums. Each distinguished visitor was escorted to the dais through a guard of honor formed by members of Laurel Lodge.

Sis. Kathleen McMullen, Vice Grand, reported several sisters ill. They have been looked after in the usual manner.

Sis. Patricia Merrill, PNG, gave a lengthy report on the activities of the CP & T Committee. They have been very busy and have been able to give assistance where it was needed.

The Recording Secretary, Sister Bessie Bailey, reported that she had sent cards of sympathy to several bereaved members.

Sis. Olive Whitehead, PNG, was nominated for the office of District Deputy President for the Belleville District No. 4 for the ensuing term. She expressed her thanks and looked to the members for their support.

Sis. Patricia Merrill, PNG, was nominated as representative to the Rebekah Assembly to be held in Toronto on June 15-17, with Sis. Olive Whitehead as the alternative.

Sisters Patricia Merrill and Gladys Sine, PNG's, were nominated to act as representatives to the District Association, with Sisters Isobel Good and Hilda Rose, PNG's alternatives.

At this time the Rededication Ceremony was exemplified, under the direction of Sis. Kathleen McMullen, Vice Grand.

Under the Good of the Order, the President, Sis. Sarah Laidlaw, addressed the members. This was her first visit to Stirling and she thanked those who made her stay so enjoyable. She was glad to see her good friends Edna and Earl Fox. Her motto for the year is "Service;" her emblem "The Moon and Seven Stars." She urged the Rebekahs to recruit for new members, visit the sick and shut ins, instruct new members in the workings of Oddfellowship, co-operate with all members, be efficient in memory charges as officers.

Bro. R. E. Fox, Past Grand Master, brought greetings from Grand Lodge and complimented the President and wished for Laurel Lodge every success.

Sis. Aman was glad to be present and wished Laurel all the best. Sis. Booth thanked the sisters for the co-operation that she had received at all times during her term as District Deputy President.

Sis. Marjory Colden, Noble Grand of Crescent Lodge; also Bro. Wesley Farrell of Thomasburg, both expressed thanks for the enjoyable evening.

Sis. Nora McDonald, PNG of Quintana and Sis. Bessie Patterson of Laurel, presented a gift of crystal vases and bowl to the President, Sis. Laidlaw, responded very graciously. Sis. Madeline Walker presented the District Deputy President, Sis. Booth with a gift and she expressed her thanks.

Laurel officers vacated their chairs to Quintana officers for the closing ceremonies.

The meeting adjourned to the Banquet Hall where the convenors Sisters Marian Heath, Mildred Morrow and Neva Vandervoort, PNG's and their committee had the tables looking very Easter-like and laden with many delicious goodies. During the supper Sis. Verna Woodbeck PNG, rendered a lovely solo. Sis. Edna Fox, PNG, moved a hearty vote of thanks to the refreshment committee. Thus ended another enjoyable evening in the annals of Laurel Lodge.

Federal Dairy Policy On Surplus Industrial Milk

Because of the cost of disposing of surplus dairy products there is a holdback, or reduction, from subsidy payments.

On deliveries up to quota the holdback will remain at the same rates as in 1969-70. These are 26 cents per hundred pounds on milk deliveries and one cent per pound of butterfat on cream.

The deduction from subsidy payments on milk deliveries in excess of quota will be \$1.25 per 100 pounds. In the year just ending it has been 52 cents. On cream deliveries in excess of quota the rate will be eight cents per pound of butterfat.

The net effect of this is that the position of producers whose deliveries do not exceed their subsidy quotas will be identical to that in the year just ending.

For those who exceed their quota, the value of the over-quota milk is reduced by \$1.25 per 100 pounds. If the market price of milk is \$3.60 delivered to the factory, the actual value of the over-quota milk is \$2.35. In terms of value at the farm, the cost of delivery to the factory would have to be deducted from that.

Legion Pee Wees Capture All-Ontario O.M.H.A. "D" Championship

(by Bob Taylor)

Stirling emerged with its first provincial title over the week end, carried on the youthful shoulders of the Stirling Legion Pee-Wee "All-Stars." They were presented with the Fred Norman Trophy, emblematic of All Ontario Pee Wee supremacy. They also broke an age-old hex that has plagued Stirling entries in their quest for provincial hockey honours.

On behalf of the Stirling News-Argus, I extend compliments to the young champions and also to Manager Ted Dobson and Coach Bert Bastedo, who ranks as a truly fine coach for our local youth.

SIX NATIONS STAVE OFF ELIMINATION

Six Nations, near Brantford, took advantage of a pair of defensive lapses by the locals and eked out a 5-4 decision Saturday night at the Stirling Arena to stave off elimination by the Stirling Legion All Star Pee Wee team and take the series back to Waterford for a Sunday afternoon fourth game in the best three out of five OMHA Pee Wee "D" All Ontario finals.

Stirling unleashed a ferocious exhibition of forechecking and were rewarded with a short-lived 2-0 lead. Mark Dobson drew first blood when he rammed a loose puck under Hill in the Six Nations net with Detlor and Bastedo drawing assists. Solmes, Myers, Jeffs, deJong and Reid continued to harass Hill, who held his ground on several potent attacks. DeJong banged home Reid's rebound to produce Stirling's 2-0 lead.

L. Porter drifted a high screened drive past John Bush with Utman off for holding to halve the Stirling lead.

Six Nations scored three unanswered goals in the second stanza on goals by Scott Smith, Charlie Martin and Ricki Smith.

Solmes whacked a centering pass from deJong while playing short-handed at the 13 second mark of the third, but S. Smith promptly got that back for Six Nations minutes later, slapping home B. Martin's rebound, which proved to be the winning goal.

DeJong put Stirling back into the game with a beautiful solo effort at the 17.48 mark but then Hill and the Six Nations defence tightened up to stave off a last minute barrage.

Summary:

1st Period
Stirling — Dobson (Detlor, Bastedo) 9:10
Stirling — DeJong (Solmes, Reid) 13:35
Six Nations — Porter (B. Martin, S. Smith) 17:05
Penalty — Utman (holding).

2nd Period
Six Nations — S. Smith (R. Smith, D. Martin) 7:35
Six Nations — Martin (Porter) 9:30
Six Nations — R. Smith (B. Martin) 14:30
Penalties — C. Martin (roughing), C. Reid (trip).

3rd Period
Stirling — Solmes (deJong) 13
Six Nations — S. Smith (B. Martin, R. Smith) 5:37
Stirling — DeJong 17:48
Penalties — E. Reid (holding), C. Reid (trip), D. Jeffs (holding).

WON CHAMPIONSHIP SUNDAY

In Sunday's game, played at Waterford, in a roughly played contest, the Stirling Pee Wees captured the All Ontario Pee Wee "D" championship.

Stirling opened up the score when Robert deJong put the puck past the Six Nations goalie, with assists coming from Solmes and Reid. Six Nations then evened the score with a goal from Smith, assisted by Smith and Martin. Kevin Solmes put Stirling ahead with a goal from Detlor and deJong. Six Nations tied the score with Reid getting the goal from

Stirling Girls Win Final Game

Stirling girls ended the hockey season on a winning note Friday by defeating the strong Belleville Bantams 3-1 in an exhibition tilt at the local Arena.

Scoring for Stirling were Debbie and Sharon Lessard and Shelly Farrell.

Allan Morton Completes Course

Allan Morton recently completed the Civil Flying Instructor Course, held in Drummondville, Quebec.

Allan was one of 39 instructors chosen from 87 applications from Ontario and Eastern Canada. This was the 36th course sponsored annually by the Department of Transport, Ottawa.

Allan is presently employed by the Oak Hills Flying Club, Stirling.

Harder. Stirling went ahead on a goal by Reid, assisted by Dobson. Glen Detlor got the final tally of the game with an assist going to Reid, making the final count 4-2 in favour of Stirling.

Members of the Pee Wee team are: Jeff Farrell, Terry Bush, Paul Munro, Robert deJong, John Bush, Doug Bastedo, Mark Dobson, Stan Myers, Terry Bailey, Gary Utman, Dave Jeffs, Cliff Reid, Glen Detlor, Kevin Solmes; Manager Ted Dobson; coach Bert Bastedo.

WELCOMED HOME

Many people were on hand at the outskirts of Stirling to greet the boys when they came home late Sunday night by bus. A parade was formed, led by the fire truck with the boys riding on top and other cars paraded through the streets in honour of the fine play and good sportsmanship the boys have shown all season.

Stirling Legion Hockey Cup Runneth Over

The Stirling Legion sponsored Pee Wee and Novice "All Star" hockey teams won no less than 5 major trophies this past winter: Eastern Ontario Pee Wee Champions, All Ontario Pee Wee "D" Champions, Eastern Ontario Novice C and D Champions, P & D Fuels Novice Tournament "B" Champions and Novice C and D Zone Champions.

Bert Bastedo and Ted Dobson Have Contributed Much To Stirling Sports

The News-Argus joins in congratulating the Stirling Legion "All Star" Pee Wee "D" hockey team and their manager Ted Dobson and coach Bert Bastedo, on a job well done.

BERT BASTEDO

Bert Bastedo played minor OMHA hockey and Junior "B" in Stirling. He enlisted in RCNVR during World War II. He is employed by the Unemployment Insurance Commission.

Bert coached and managed many minor teams in Stirling. He organized, supervised and is a driving force behind local league hockey for Stirling and district boys for the past twenty-two years.

He is Secretary of Branch No. 228 Royal Canadian Legion, a post he has held for 18 years; also has served as Branch President. Bert was elected to the post of Zone Command of Zone F-3 Royal Canadian Legion last year.

Hockey is not his only sports interest. He has organized and supervised local softball leagues for boys for many years. At present he is a member of the Stirling Recreational Council and helped form skating classes for local girls and boys and assisted in the formation of the Stirling and district Senior Citizens Club.

Teams In Finals Several Times

During the past years various Stirling sponsored Ontario Minor Hockey Association teams have been in the All-Ontario final series, but all failed in their bid for the championship.

The following teams have defeated Stirling in the past for the championship:

Juveniles — Kincardine 1950 and 1954; Belmont 1964.

Midgets — Port Dalhousie 1948.

Bantams — Forest 1956.

This year "lady luck" smiled on the Stirling Legion sponsored Pee Wee team when they were victorious over the Six Nations entry from the Brantford area to become the first team in Stirling to win an All-Ontario OMHA hockey championship.

Stirling Legion Novice Win Zone C and D Title

AIR TRAFFIC CONTROLLER

JEFF MOUCK

son of Mr. and Mrs. Graham Mouck, Stirling, an Air Traffic Controller with the Department of Transport, on April 1st was transferred to the North Bay Airport.

Jeff began his training in June 1968 at Control Towers at Toronto International Airport. He remained there until April 1969 when he attended the Air Services Training School at Ottawa International Airport for an extensive training course. He graduated from Ottawa in September 1969. Jeff was sent to Buttonville Airport (just off No. 7 Highway north of Toronto) for check-out training. He received his licence as Air Traffic Controller November 30th, 1969.

At Provincial Synod

Mr. Glenn Morrow is spending this week as a delegate to Provincial Synod.

A tired but determined team hung on to defeat Norwood 2 to 1 to make it 3 games to 0 for the championship. Five games in three days seemed like it was going to be too much for the boys as they came off a week end of winning the B trophy in the Trenton tournament and played in the Grand Championship on Sunday.

Getting slower as the game wore on the scoring went to 1 to 1 at the end of the first period as Craig Morton potted a goal for Stirling, but Norwood replied almost immediately.

The score remained tied until the dying minutes of the game when Mark Dobson dumped one in from a pass out from behind the net from Ricky Reid. Stirling then held off a hard pressing Norwood team until the buzzer sounded.

Stirling Novice team — Goalies, Allen Detlor, Ricky Barnard; defence, David Montgomery, Tod Searles, Mark Reid, Roger Reid, Billy Slavin; forwards, Mark Dobson, Wayne Andrews, Craig Morton, Barry Danford, Rodney McKeown, Rick Reid, Morton Foshay, Billy Faulkner, Alvin Hubble, Steven Slavin.

At this time the team wishes to thank all the people and parents who have supported them this year. A special thanks to Allen McDonnell, rink manager, for his co-operation and to Joe Whitehead for his enthusiasm and confidence.

Novices Win "B" Tournament In Trenton Saturday

Saturday the Novices tried their hand at tournament hockey and came away the "B" division champions and the right to play in the Grand Championship on Sunday in the Trenton Novice Tournament.

In the first game the Stirling team lost to Napanee in a third period overtime thriller 2 to 1.

They went on to defeat Port Hope 6-0. Scorers were Mark Dobson with 2 and singles to Wayne Andrews, Barry Danford, Steven Slavin and Mort Foshay.

In the next round they met a hard skating Unionville team and defeated them 4 to 1 for the "D" Championship and the P & D Fuel trophy. Scorers were Wayne Andrews with a hat trick and Mark Dobson with the single.

Having captured the B trophy, the Novice team were eligible to play in the Grand Championship on Sunday against Trenton, who had defeated Ajax for the A championship.

The Novices fought hard but were defeated, missing the services of their captain who was involved in the Pee Wee All Ontario playoffs.

Jamboree Records On Sale

The first LP record for the Original Trent Valley Country Jamboree have arrived from the recording company in Toronto and records are on sale at all Jamboree ticket stores and Jack's Appliance Shop Stirling.

The recording was made at the 65th show in Stirling Theatre in February. This was the first time in Canada that a country music show was taped while the show was in progress.

Singers and musicians on the record are all regular and local entertainers and this is the first time any of them ever recorded.

The records arrived Saturday and by Tuesday morning over 150 have been sold. Orders for the record have been received from Sweden, South Carolina, California and many other places.

This record will be good publicity for Stirling as it advertises the town wherever it is sold. The Trent Valley Country Jamboree has been rated by Toronto Producers as "Canada's Number One Country Music Live Stage Show."

THE BIBLE TODAY

From the beginning, the church's mission has been evangelism and for the Bible Society today the mission is evangelism. In some places that mission is more obvious than others as Dr. Arnold T. Olson, president of the National Association of Evangelicals discovered on a trip around the world last fall.

Missionaries first entered Thailand in 1828. They laboured for 31 years

before realizing a single conversion. Why so long? First they had to learn the language, put it in writing, translate the Bible and teach the people to read. Once copies of Scripture were available, the missionaries began to see results. Today the pace is accelerating. In one instance a newly literate peasant woman serves as a Bible Society distributor. Her work alone has resulted in a group of over 200 believers and a growing number of smaller groups. The mis-

sion is evangelism.

Do You Remember?

— TWENTY-FIVE YEARS AGO —

ISSUE APRIL 5th, 1945

A real estate deal of interest was completed this week when Harold Baker purchased the property of Grant Potter, Front St. W.

Rev. S. A. Corrigan, a former parish priest of St. James the Minor Church, Stirling, died Sunday at the Parish House, Westport.

Local and Personal

Miss Della Descent, of Belleville, spent the Easter week end a guest of Mrs. F. Jackman.

Miss Fay Fleming is spending the Easter holidays at the home of her parents, Mr. and Mrs. Fred Fleming, Madoc.

Mount Pleasant UCW Sponsor "Spring Thing"

March 31st there was a large attendance at the Mount Pleasant Church Hall on the occasion of "The Spring Thing" sponsored by the March and April group of the United Church Women.

Mrs. Burton Sharpe, Treasurer and Mrs. Douglas Campbell, Secretary, received the admissions at the door. Lovely potted Easter lilies were in evidence. One was a gift from the Stirling Horticultural Society. UCW President Mrs. Garth Joslin welcomed the guests and presided over the programme. Mrs. Milton Shaw was pianist for "O Canada."

Ross Adams and Frank Wilson, of

Consecon, delighted with several humorous numbers. Mr. and Mrs. Robert Spencer, Rylstone, sang vocal duets with their own accompaniment. Harvey Couch and son Kenneth, Don-ald Campbell and Kenneth Morrow, contributed several musical selections. Janice and Valerie Clancy, of Wellman's, sang duets with their mother Mrs. Gerald Clancy, giving piano accompaniment. Judy McAdam gave her special speech on "Racial Prejudice."

At various intervals several members of the UCW presented three comic numbers entitled, "Hello Dolly," "The Hillbillies" and a musical arrangement "Kitchen Kuties," all in costume.

Mr. and Mrs. Craig Watson were in charge of the assembly singing. Donna Martin and Sharon Reid gave vocal duets with their own accompaniment.

Mrs. Burton Sharpe was honoured with the birthday song.

Following the Queen the guests who entertained on the programme were served light refreshments.

MRS. ELIZABETH M. PREST
Funeral for Mrs. Elizabeth M. Prest of Bonarlaw, who died at Robinson Nursing Home, Deloro on Sunday, March 29th 1970, was held from Howden Funeral Home, Marmora, on Tuesday afternoon. The service at St. Mark's Anglican Church, Bonarlaw, was conducted by Reverend David Saunders. Mrs. Prest had been a patient at the Robinson Nursing Home for the past three years.

In her 83rd year, she was born and educated at Rawdon Township and had lived here all her life. Her parents were the late George Rombough and former Charity Neal. She was a member of St. Mark's Anglican Church, Bonarlaw, and of the Eastern Star, Chapter 267, Marmora. A service was held at the Funeral Home on Monday evening by members of the Eastern Star.

Her husband, the late Thomas Prest, predeceased her a number of years ago.

Mrs. Prest is survived by two daughters, Mrs. Peter Moffatt (Florence), Marmora, Ontario, Mrs. Jack Bennion (Ruth) of Dundas, two sons, William of Springbrook and John of Bonarlaw, and three grandchildren and one great grandchild. She also leaves one brother, Jack Rombough of Arizona. Five sisters and two brothers predeceased her.

Entombment was in Marmora Protestant Cemetery, with interment at a later date at Mount Nebo Cemetery, Rawdon. The bearers all nephews of the deceased were: Roy Neal, George Carlisle, Doug Morton, Don Rombough, George Prest, Eric Rombough.

Mr. and Mrs. Robert Harper and family of Queensville, spent the Easter weekend with Mr. and Mrs. David Fargy.

Mr. Burton Sherry was a Friday evening guest of Mr. Roscoe Morgan. Mr. and Mrs. Harry Morgan and

Darlene, Mr. and Mrs. Tim Skinkle and family, Mr. and Mrs. Gary Rowe and boys, Mr. and Mrs. Murray Morgan, Mr. Roscoe Morgan, Miss Kathy Edgerton and Mr. Harold Simpson were supper guests of Mr. and Mrs. Elmer Morgan and family on Easter Sunday.

Two Hats For Pollution Control By OWRC

The Ontario Water Resources Commission wears two hats as it were — one for policing plants over pollution control, and the other as the financier, builder and operator of sewage treatment and filtration plants such as the pipeline from Lake Huron carrying water to London, Ont. Thus Mr. Dennis P. Caplice, director of the Division of Industrial Wastes, O.W.R.C. introduced his provocative talk to the University Women's Club.

During the past ten years the O.W.R.C.'s role has been growing in importance until now there are about 800 people directly involved. The pollution area with which most are occupied is that of water, with air and solid waste (garbage) pollution lesser degrees. Out of this 800 employees, approximately fifty are directly involved in industrial pollution control. All major industries are visited once or twice a year. Of the 10,000 industrial enterprises that use water, 2,000 are considered major water users, while about 700 are in the position where their waste reaches water directly. The majority of these industrial enterprises pay to use the local sewage treatment facilities. For example Canada Packers in Toronto pays an extra \$86,000 because of its special waste problems.

Generally the oil refineries are doing a good job of control of pollution, while the pulp and paper mills are mostly doing a poor job. The latter says that the costs for control would put them out of business.

The majority of municipalities in Ontario now have sewage treatment plants; one exception is Sudbury. Windsor, Ont. will begin to use its first sewage treatment plant last month, March, 1970. An explanation for this situation is that a municipality may not be in debt in excess of 25% of its assessment.

As individuals we have not treated the pollution problem evenly in our

budgeting. Over a year the average householder would spend \$214 for more rapidly than it should, is not a 'phone, \$180 for heat, \$50 for water, \$59 for water, \$18 for sewage. We give little thought to the pollution lake are more abundant, though of caused by solid waste other than different species. This lake is vital rushing to set out the garbage can to over twelve million people who and occasionally complaining about the conditions at the local sanitary land fill area or more often correctly called the dump.

In our changing environment new problems are always arising. D.D.T. is but an example. It took years for the community to realize that it is a persistent chemical which does not break down for 16 years. Another factor which was overlooked is that the contaminants multiply; an insected clam passes this on to its offspring who in turn passed it on to predators until eventually this returned to man in the food chain.

The O.W.R.C. does not have day to day control over pollution. Regardless of how good the facilities are for disposal of waste, etc., accidents do occur. Therefore the long term improvement of facilities and better education regarding the disposal of waste is essential.

Problems that we have and for which solutions must still be found are, the disposal of concentrated wastes such as sulphuric acid which cannot be put in the sewers. At the moment they are often just dumped in an unused field. Waters that are now polluted must be improved, while those which are not must be protected. When a new industrial location is selected, companies should consider the effect on the total environment. How will it affect individuals who will be its neighbours? Would this land be more valuable for the total community as a recreational area? More openness by all concerned, including government, when sites for industries, power plants, etc., are selected, is required.

Lake Erie, thought it is aging much more rapidly than it should, is not a dead lake. In fact it is suffering from an excess of life; the fish in the lake are more abundant, though of different species. This lake is vital to over twelve million people who rely on it for their source of water. Because of excessive nitrogen and phosphorus from detergents, fertilizers, etc. these conditions have arisen.

A massive problem exists with our recreational lakes because of the lack of control of septic tanks, how and often if, they are installed. This is under the Medical Officer of Health. In the Peterborough district alone there are over 40,000 cottages and only one M.O.H. This in itself clearly indicates that we must accept control of pollution as a personal responsibility. Mr. Caplice concluded.

Following a stimulating question and answer period Mr. Caplice joined the members for coffee. The speaker was introduced by Mrs. H. Burns and thanked by Miss Beth Green.

Large Entry Received
For Stirling Festival
of Sacred Praise

Stirling is expected this year to be one of the largest in the history of the Stirling Festival of Sacred Praise.

In 1950 Stirling had its first Festival. This was started by the efforts of a few individuals. Each year it has grown and is made possible only by many people donating their time and with the financial help of organizations and interested individuals.

This year entries have exceeded all other years with 306 entries in music and 48 Scripture entries. This, the twentieth annual festival, has had to be extended from three to four days — May 4th to 7th, with the Stars of the Festival performing on the nights of the 7th and 8th.

Mr. Ross Metcalfe, Music Supervisor of Northumberland-Durham Counties Board of Education, will adjudicate the music classes.

Rev. George Ambury, Kingston, Conference Field Secretary of Christian Education, will adjudicate the Scripture classes.

The object of the Stirling Festival of Sacred Praise is not to gain a prize but to pace one another on the road to excellence.

Pork and Corn Casserole*

2 cups diced cooked pork
1 14-oz. can whole kernel corn
3 tbsps. fat
3 tbsps. flour
1 tsp. salt
1 1/2 cups milk
1 cup grated Ontario Cheddar
3/4 tsp. savory
1 cup dry bread crumbs, buttered

1. Place diced pork and corn in layers in a greased casserole.
2. Make a sauce of the fat, flour, salt and milk.
3. Add the cheese and savory to the sauce and stir until well blended.
4. Pour sauce over the corn and pork.

5. Sprinkle with buttered crumbs. Bake in a moderate oven (350deg. F.) until lightly browned, about 35 minutes.
NOTE: A 12-oz can of canned pork luncheon meat or two cups diced cooked ham may be used in place of the cooked pork. If you use one of them, omit salt.

People Aroused Over Regional Government

It takes a pinch in the pocketbook to bring people to the thinking stage, and this is true in this day of affluence, even more than it was in the days that have gone.

Indifference seems to have been creeping over Canadians since the days of World War II. Now this apathy regarding governments, edu-

cation, health etc. is coming home to roost. It is well known that when the opportunity offers there is always a someone who takes the bull by the horns and manipulates the situation to his own advantage.

Citizens have seen this happen in the Roberts' Government's foisting of the new County School Board system onto the province, apparently with little study and less planning. The result has been a fiasco so far as costs are concerned and everyone is grousing loudly; but in the end they will have to pay, and pay.

Unfortunately this is only the beginning. The Roberts' Government is now promoting the idea of so-called Regional Government, and also the idea of supporting so-called growth centres. This will mean more and more costs to every individual with less and less benefits. How can anyone in their right senses see how a city can fit into the same bracket as a rural township? How can you compare a city high rise apartment complex with a farming setup, where a white collarman drawing upward of ten thousand dollars a year, and a soft (physically) job has to come down to the level of the farmer on a hundred acres of land with an income of half that of the executive and he has to work fifteen hours a day just to make ends meet.

If the people make enough noise, the newspapers, the radio and the T.V. stations do their job of watching and supporting public opinion, the government will be forced to take another look, and certainly will have to come up with a much better plan than appears to be in the offing at present.

This matter of support for growth centres, which is linked with the Regional Government plans, can be expected to make ghost communities of many small towns as we know them today, and at the same time

drive a lot of people into the cities where they will present nice concentration targets for tactical type nuclear warheads when the chips go down in any conflict. This latter idea is the brain-child of some so-called heavy-weights in the civil service organizations and should be watched like a hawk by the people of Ontario. — St. Marys Journal-Argus.

Deep Frying Easy If You Know How

Deep fried foods are quick and delicious if you follow these guides from home economists, Macdonald Institute, University of Guelph.

Equipment.
Fryer: Use a straight-sided saucepan that is light and easily handled, with a removable wire basket for lowering food into fat. With this type of pan, use a deep fat thermometer to determine the exact temperature of fat or oil.

Automatic Deep Fryer: An electric fryer simplifies frying because it automatically maintains the desired temperature. In using it, follow the manufacturer's directions and timetable.

Fat or Salad Oil: Use any shortening or salad oil except butter, margarine, or olive oil.

Method.
Use enough fat to cover food completely but leave at least four inches between surface of fat and top of kettle, so fat will not bubble over during frying.

Gradually heat fat to desired temperature. If you do not have a thermometer, use this bread test, drop a one-inch cube of day-old bread into hot fat, then note the time it takes to brown. At 375 degrees F., it will brown in 60 seconds; at 375 deg. F., in 40 seconds; at 390 deg. F., in 20

seconds.
When fat reaches the desired temperature, lower food gently into heated fat using wire basket, tongs or spoon. Do not fry much food at one time, as this reduces the temperature so that food becomes grease-soaked. Adjust heat to maintain temperature during cooking.

When fried food is done, remove to paper towels to absorb excess fat from surface. If fried food must be kept hot, set in a 300 deg. F. oven. Always bring fat back to the desired temperature before adding second batch. Skim off loose food particles to prevent smoking.

After each use, cool fat a little, then pour through a strainer lined with cheesecloth, into a metal container. Cool, cover and store in the refrigerator. After frying strong flavored foods, partially cool the fat then clarify it by adding a few slices of raw potato, reheat slowly stirring occasionally. Discard potato, strain fat.

Classified Ads. Must Be Paid For

Owing to the number of classified advertisers who have failed to pay for advertisements, after telephoning them to this office, it may be necessary, in future, to insist on cash with publication. In order not to inconvenience those who take care of their accounts promptly, we are asking the co-operation of all for these small amounts. The small cost of classified ads, in Memoriams, Cards of Thanks, etc., does not make it economical to keep these amounts on our books for long, nor to bill for same more than once. We are only too glad to take your advertisement over the telephone, but in return we ask you to pay promptly.

WEEKLY REPORT FROM FOXBORO DISTRICT

(BY JACK WOOD)

PHOSPHATE NUTRIENT FOR CROPS

moves very little in the soil this pre-plant application should be plowed down and not disked in. This will get the phosphate down to the root zone.

In the case of forages, phosphate will have to be top-dressed. Here it is important to use a ratio of 0-12 or 0-13. A general recommendation for top-dressing a high-yielding forage stand, high in alfalfa, would be 500 pounds per acre of 0-15-30.

When phosphate is plowed down, any potash that may be required, can be added at that time. This means a mixed fertilizer or a mixture of materials will be used.

There are two main sources of phosphate for plowdown. One is 20 percent Superphosphate which also has in it about 12 percent sulphur. The major source of phosphate, however, is 46 percent Triple Superphosphate.

Both of these are used in mixed fertilizers, as are the ammoniated phosphates such as 13-52 (mono-ammonium phosphate) and 18-46 (di-ammonium phosphate).

For corn a ratio of one part of nitrogen to four parts of phosphate is desired. Other crops may require a different ratio of N to P.O.

It will not always be possible to add all the phosphorus required in the starter. When this happens the extra required will have to be applied before planting. Since phosphate

Trailerists Education Night Proves Successful

Saturday night the Trent Centennial Trail Club of the Bay of Quinte area, sponsored an event "Trailerists Education Night," held at Centennial Secondary School, Belleville. The event, the first of its kind held in Belleville, was a great success, with over 350 in attendance. It was of great interest to all who enjoy trailering or camping in any form.

Albert Lennox, President of TCTC acted as chairman. His Worship Mayor Russell Scott, Belleville, extended greetings from the City of Belleville.

First speaker of the evening was Constable Don Walton of the OPP Highway Safety Division. He spoke on safe operation of travelling with trailers and offered many helpful hints in safe operation. Constable Walton gave a general idea on what one should do in case of accidents. He also showed two coloured safety films.

Next speaker was J. G. Reid of the Department of Tourism, who spoke on various points of interest in Ontario. He also suggested how his listeners could obtain various maps and brochures on tourism in Ontario. Mr. Reid showed many coloured slides on Northern and Southern Ontario regions.

Mr. Harold Centelon, of the Lands and Forests Department, Tweed District, spoke and showed coloured slides of the Tweed District and Provincial Parks. He mentioned that several electrical outlets will be provided at the Outlet and Bon Echo Provincial Parks for the coming season.

Door prizes were awarded as follows: Chick James, Mrs. Fred Donohoe, Mrs. Molly Murphy, Robert Budd, Al Reid, Rusty Scott, Audrey Delline, J. A. Reid, Earl Tucker, Howard Welch, Gus Borman, Earl Yate-man, Audrey Williams, Don Wright, Walter Way, John MacGregor, Ethel Knight, Viola Greatrix, Farley Par-nell, all of Belleville; Mrs. Madeline Mitts, Stirling; Mrs. Ken Bradshaw, Foxboro; Tom Rideout, Ed Doucet, Trenton; Frances Martin, Doreen Martin, Vic Cotten, Kingston; Andy Sennie, Picton; Mrs. Goodwin, Frank-ford; Keith Basiren, Prescott; Laurie Ray, Springbrook; Don Sawyer, of Trenton; Liljann Jamieson, Foxboro; Bill MacWilliams, Picton.

Harry McCreary expressed thanks to the guest speakers and made a presentation to each.

An invitation was extended to all to enjoy coffee and doughnuts, followed by a question and answer period.

Representatives were on hand who supply trailer hitches and accessories; also present were operators of tent and trailer parks, who supplied information. Mr. Frank Ball, President of Travel Trailers Association of Ontario was present, from Oshawa, and expressed his appreciation and congratulated the TCTC Association.

News From Canadian National Institute For Blind

Devon Wilkins of Highwater, Quebec, spent twelve hours reading from pages without print in support of charity. She is a totally blind Dictaphone Typist trainee at The Canadian National Institute for the Blind in Toronto.

As her fingers glided over the Braille pages of "Disputed Passage" by Lloyd C. Douglas, Devon was making money for the Leukemia Fighters of Toronto. Like marathon walkers, Devon found sponsors who paid her every hour she kept at the reading. The sponsors were fellow students and CNIB staff members.

"I read for twelve hours but the project took fourteen", she said, "I took out an hour for lunch and had four coffee breaks. One thing is true instead of tiring the eyes the reading exhausts your hands and arms. It was worthwhile, because Leukemia Fighters are now \$50.00 richer."

"Disputed Passage" takes four volumes in Braille. Each volume has 202 pages and is 1 1/2 inches thick. Devon read magazines like Seventeen and Reader's Digest which also come in Braille - minus advertisements. At a rate of twenty pages an hour, she felt her way through a total of 240 pages of raised dots.

"The most interesting magazine article I read was News and Notes from the Braille Courier, a magazine for blind people produced by the CNIB. The humorous parts of the Reader's Digest kept me awake and laughing after the ninth hour."

What are the signs of life? To a doctor, they are the patient's pulse, respiration, heartbeat. To a driver, they are the signs he meets along every street and highway, at railway crossings, hills, curves and intersections. These signs of life are more important than a road map in getting you to your destination, says the Ontario Safety League. Read them and heed them carefully!

DISHWASHERS

(by Mary MacEachern)

An automatic dishwasher is a dishwasher, a glass, pan, casserole and silverware washer. It is not a water heater, garbage disposer, water softener or burned food scraper.

To work effectively the dishwasher must be provided with water between 10 degrees and 160 degrees F.

Your automatic dishwasher will remove soft foods left on dishes but it will not remove hardened foods or will not dispose of hard objects such as bones, rinds, and seeds. These hard objects can prevent the dishwasher from functioning properly.

The dishwasher will not soften hard water, this must be done before the water enters the dishwasher. If the water is not softened the dishes will be left with water spots from mineral deposits.

Hard food solids may be removed during the dishwashing process, but burned-on carbon can only be removed by some abrasive action ex- scouring pads.

Load dishes according to manufacturer's instructions to prevent breaking, food soil remaining on them, insufficient rinsing which prevents them from drying properly.

Read the Use and Care Guide and follow instructions to get the best use of your automatic dishwasher.

CREDIT

(by T. Wayne Martin)

Credit is now considered as one of the tools used in business, but at one time it was felt that it was bad to borrow. Credit is so important in our lives today that using the right amount in the right way at the right time can determine success. With the concern today about high interest rates, and the inflationary trends we should understand fully when and where credit should be used, and what credit is actually costing us.

Many people do not select the correct repayment schedule on a loan. If a loan is paid too rapidly, a business may run into difficulty when insufficient operating capital is available at a later date. Similarly, the individual who has committed too large a part of his salary to repaying credit may find himself in difficulty if an unexpected emergency occurs requiring extra money. This is all too often the case where illness occurs.

The actual cost of credit is also important. Consumer protection legislation requires that the interest rate be revealed to the borrower. However, the interest rate quoted can mean two different things, depending on how it's applied. Simple or actual interest is charged on the unpaid balance. Add-on or installment interest is added to the purchase price and you pay interest on the original amount of the loan throughout the repayment period. In this case, after the first payment you are paying interest on money already paid back. Add-on or install-

ment interest almost doubles the cost of credit.

For example on a \$1,200 loan repayable in 12 monthly payments, 7% simple interest totals \$45.50.

The 7% add-on interest totals \$84, or expressed in terms of simple interest this now becomes 12.9%. Service charges, insurance on a loan all add to the cost of the loan.

CAPITAL GRANTS PROGRAM

(by Ray Pender)

The following information concerns the payment of Grants to partnerships, corporations, and individuals involved in these who also own other farms.

The number of farms operating as a partnership or incorporated business is increasing, which has resulted in a corresponding increase in capital grant applications in these categories.

Provided all other requirements of the Capital Grants Program are met the following situations would be eligible for a grant.

1. The Actual Partnership or Corporation, in which case the cheque would be made payable jointly to all of the partners involved.

2. A member of a Partnership or Corporation, who owns land in his own name which is located separate from the partnership operation and is formed separately would be eligible for a grant up to the maximum amount in addition to the one received by the partnership.

3. The work on which the application is based on must have been undertaken and completed after the legal business constituting a partnership or corporation was officially completed.

4. In the case of a Husband and Wife or Father and Son who each owns a separate farm but as members of the same partnership, grants would be payable as follows provided the three farms were farmed separately:

— Grant to the Husband (or father)
— Grant to the Wife (or son)
— Grant payable to both (the partnership)

5. Where a father owns one farm, and has received a grant, and he and his son (s) are legal partners in another separate farm, the partnership would be eligible for a grant. Operating or profit sharing agreements where the father still owns the land would not be eligible for a second grant.

There are a few key points to keep in mind regarding the above information.

(A) A partnership is considered to be a separate business entity.

(b) Applications for grants must apply to the farm identified on the application form whether it is a partnership or a separate farm.

(c) Grants are payable only to owners of farms.

(d) Invoices or receipts should clearly indicate the farm owners name whether individual or partnership.

Ven. Creeggan Elected Bishop of Ontario Diocese

On the seventh ballot, at the special meeting of the Synod of Ontario, March 30 the Venerable J. B. Creeggan was elected to be the 7th Bishop of Ontario. Jack Burnett Creeggan was born in Bancroft, November 10, 1902, son of the Ven. A. H. Creeggan. He was educated in Deseronto, and took his B.A. degree at Queens, then gained the L. Th. degree at Bishop's University, Lennoxville, Que. He was ordained Deacon June 26th, 1927 at St. George's Cathedral, Kingston and his ordination to Priesthood May 5th, 1928. Mr. Creeggan's first appointment was to the parish of Rawdon and later was incumbent of Coe Hill and assistant to Bancroft. In 1929 he went on leave of absence to Toronto, returning in 1931 to become incumbent of Sharbot Lake. In 1933 he went to North Augusta where he served until 1939 when he went to St. Mary Magdalene, Picton. From there he went in 1943 to St. John's, Prescott and was Rural Dean of Grenville in 1950, but in the same year went to Christ Church, Belleville. In 1952 he was made a Canon of St. George's Cathedral and in 1953

Archdeacon of Ontario. He left Belleville for Gananoque in 1962 when he was made Archdeacon of Frontenac. In 1969 he became Archdeacon of Kingston.

Farming is a risky business. Crop production costs increase steadily, year by year. In contrast, crop yields vary — depending largely on unpredictable natural hazards which you can't control. But now you can protect your investment in seed, fertilizer, sprays, etc. — with crop insurance. Crop insurance guarantees your production — so you can cover your costs.

LUCKY US

All the nice people do not live in Stirling. Last week a group of Bethel UCV girls demonstrated this quality of niceness when they visited the Senior Citizens and treated us to a nice lunch and programme. The senior guests in the group were Mrs. P. Ray, Mrs. O. Jackson and Mr. and Mrs. Ed McKeown and several younger members served.

One of them treated his ole Scribe pretty rough in a game of cribbage. I won't mention any names but her initials were Elsie.

To open the program their President, Della Holden led us in group singing. Many old time songs were sung with lots of gusto. Donna Russett favoured us with a solo in good voice and Irma Sine's two readings were very entertaining. Then Elsie Ketchen (now there's a girl!) had us tied in knots with a very funny number. She ended her number by leading us in an action song that had

us bobbing all over the place. (Father) Cox was their only chaperon, and even he let his hair down a bit. We all liked that girls and when President Fred thanked you, we sure all wanted to say thank you too.

There's a saying that one who takes the drug is (on the pot). It seems to me that some kids are no sooner off the pot than they're right back on again.

Cheer up (it's income tax time again).

Honoured On 25th Anniversary

Mr. and Mrs. Byron Seeley, Wellman's, entertained a number of neighbours on Tuesday, March 24th on the occasion of their twenty-fifth wedding anniversary.

During the evening Mr. and Mrs. Seeley were completely surprised when Mrs. Jim Pollock presented

Mrs. Seeley with a corsage and a boutonniere to Mr. Seeley.

Lunch of a salad plate, ice cream and cake was enjoyed by all.

Before departing Mrs. Gerald Clancy spoke a few words of congratulations to Mr. and Mrs. Seeley and Mrs. John Carlisle presented the couple with gifts of a china tea pot with silver trim and cake plate to match. They also received gifts from the family and other friends and relatives.

Mr. and Mrs. Seeley expressed their appreciation for their thoughtfulness.

Educational T.V. At Stirling Public School

The gymnasiums at Stirling Public School were transformed into simulated TV studios on Thursday and Friday of last week when a television crew from the Ontario Department of Education were on location filming and taping lessons.

Classes from Kindergarten to Grade 8 were taped and at the conclusion of each lesson the video recordings were re-played live so that students were able to evaluate their performances and view themselves on TV. Some of the video tapes are to be edited and retained for future professional development and demonstration purposes.

Presentation Party For Mr. and Mrs. Ed. Kent

Wednesday evening, April 1st, Mr. and Mrs. Ed Kent were given a presentation party by the River Valley community at the Institute Centre.

Peter De Bruyn was master of ceremonies. The assembly singing was in charge of Mrs. Sheldon McIntosh and Mrs. Philip Conley. Selections were read by Mrs. Douglas Sees, Mrs. Jack Bush and Mrs. Roy Bush. Numerous musical selections were given by Harvey Couch and son Kenneth, Donald Campbell and Kenneth Morrow. The orchestra composed of Norman Rosebush, Mrs. Philip Conley and Kenneth Morrow, provided music on the programme and also for dancing.

Ed and Mae Kent were given seats of honour and Mrs. Roy Bush read an appreciative address. The presentation of a five-piece bridge set, step stool and two cups and saucers, gifts from the River Valley community and friends was made by Philip Conley, Kenneth Morrow, Mrs. Thomas Zuidema and Mrs. Douglas Sees.

The recipients voiced gracious thanks and invited the group to visit them in Stirling where they have taken up residence. They have lived at River Valley since 1946.

Relatives in attendance included their daughter, Dasiy Ellen, Mrs. William Jensen, Ottawa; their son and wife, Mr. and Mrs. Dennis Kent, of Bayside.

The committee served refreshments and dancing followed.

Girl Guide Tour

Wednesday, March 25th, the First Stirling Girl Guide Company travelled to Belleville by bus.

The first stop on their agenda was at CJBQ. Here they visited the record library, broadcast studios, news room and were able to see the program "What Do You Think" in progress.

After a lunch stop at the Red Barn — just imagine feeding 30 hungry girls — they visited the Coca-Cola plant. Mr. Glenn Clarke took them on a tour of the building, showing the process of bottling from start to finish. All were treated with a coke at the end of the tour.

Final stop was at the Ontario School for the Deaf. The Guides toured the Junior school, seeing both classrooms and living quarters. They also visited the technical rooms where the children have their hearing tested.

With a short stop at Tim Horton Doughnut, the visit to Belleville was concluded. Special thanks go to Guide Lt. Mrs. Lois Clarke, who also was the bus driver.

Entered Into Rest

MRS. BRADFORD SPRY

Following an illness of two years, Mrs. Lillie May Spry, RR 3 Stirling, and formerly for twenty-five years of Mill Street, Stirling, died in the Belleville General Hospital on Thursday, April 2nd, 1970. She was in her 89th year.

Born in Rawdon Township, she was a daughter of the late Mr. and Mrs. Charles Mumby and lived in the community all her life.

She was a member of St. Paul's United Church.

Surviving are nine grandchildren, Mrs. George (Edna) Haggerty, Mrs. Herbert (Nellie) Smith, Mrs. Robert (Alice) Hoard, Mrs. Robert (Frances) Merrick, all of Stirling; Mrs. Frank (Millie) Lain, Peterborough; Mrs. Thos. (Mary) Bedford, of Trenton; Morris Morrison, Bancroft; Mrs. Roy (Eileen) Wilman Marmora, and Mrs. Lorne (Vera) Wilman, Oshawa.

Also surviving are 34 great grandchildren and 29 great great grandchildren.

Two daughters, Mrs. John (Minnie) Morrison and Mrs. Allan (Mabel) Morrison and her husband, Bradford Spry are predeceased. She was the last of her family.

Mrs. Spry rested at the Hogle Funeral Home, Stirling. Service was conducted in the chapel on Saturday, April 4th at three o'clock.

Entombment was made in Stirling Cemetery Vault with interment in Mont Nebo Cemetery, Spring Brook, in the spring.

Rev. J. Bruce Small officiated. Pallbearers were grandsons, Robert C. Hoard, Thomas Bedford, Frank Lain, Morris Morrison, Robert Merrick and Roy Wilman.

Local and Personal

Mrs. Helen Nelson and Mary, of Keswick, were guests of relatives in the area over the Easter holiday.

Mr. and Mrs. Ken Rose, Penny, Chris and Randy, of Burlington, were holiday visitors of Mr. and Mrs. Ken Tompkins.

Mrs. H. C. Kelly, Warkworth, returned home last week, having spent the past five weeks with her sister, Mrs. Warren Harlow.

Mr. and Mrs. Ken Tompkins attended the Easter Church service at Frankford United Church, when their grandson, Daron James Johnston, son of Mr. and Mrs. Jim Johnston, was baptized. Others attending were: Mr. and Mrs. Ken Rose, Penny, Chris and Randy, of Burlington, Mr. and Mrs. Douglas Kane, Stirling, Mr. and Mrs. Walter Johnston and Allan, Foxboro. All were entertained later at the home of Mr. and Mrs. Jim Johnston.

Village Council Purchases Former Site of Grace Chapel

COUNCIL MEETING MARCH 30th

Meeting called by the Reeve to pass certain By-laws and other matters needing immediate attention.

Motion by Trumble and Faulkner that the Village go on Daylight Saving Time to coincide with the surrounding district.

An invitation was received for Council to attend a Workshop by The Association of Ontario Mayors and Reeves at the Sun Valley Motel on April 3, 1970. Fear of Council agreed to attend.

Clerk was instructed to write a letter to Watson and Wiegand, Architects for the new Bank of Montreal Building to be built on the corner of Front and Henry Street and to ask for consideration in having a set back on Henry Street of four feet, so as the 4 ft. overhang would not be over the Village property. This was the only exception on the plan as presented to Council.

Motion by Faulkner and Trumble that Council go into a Committee as a whole on By-Laws with Reeve Rogers in the chair. By-law 733-70 a By-Law to purchase a piece of property, the site of the former Grace Chapel for the sum of \$2,500.00 was enacted and passed on motion by Anderson and Faulkner.

A By-Law to grant certain consideration to a property owner on Henry Street and on Baker St. was given its several readings and the Clerk was instructed to forward copies to the Department of Municipal Affairs Planning Branch for their approval.

Motion by Anderson and Trumble that these two By-Laws be taken as read, that the Committee rise and report and Council revert to General business.

Several matters were discussed which would be taken up at the next regular meeting.

REGULAR MEETING APRIL 6th

Mr. Robert Milligan attended Council in regard to his License for the Pool Room. Complaints had been received as to the noise and late closing of the Pool Room. Clerk was instructed to issue the License after a thorough discussion took place with certain suggestions being made.

Clerk read the following correspondence. — Lower Trent Region Conservation Authority. Clean-up Day; R. B. Bell, Committee of Adjustment; Department of Energy and Resources. By-Laws; Department of Municipal Affairs, Financial Statements; Victorian Order of Nurses, Request for support; Ontario Hydro, Zoning By-Laws; J. V. Holt Sales Ltd., Co.; George Rhynsburger, March report; Department of Highways, Summary of 1969 Subsidy; Department of Municipal Affairs, By-Law 734-70, Lake Ontario Regional Development Council, Zone 3. Council.

Anderson and Faulkner that the Lower Trent Region Conservation Authority be given permission to use the Stirling Village Dump on Clean up day on Saturday June 13, 1970.

Clerk was instructed to reply to the letters from: Department of Energy & Resources, Department of Municipal Affairs and Ontario Hydro, regarding their individual requests.

Brandt and Faulkner that George Rhynsburger's report be received and filed.

Mr. William Webber attended Council and discussed plans with Council regarding forced air heating for the Community Service Building. Many different suggestions were made as to the best method to rectify the heating problem. Mr. Webber agreed to make a further study and report to Council at a later date.

Mr. and Mrs. Donald Tucker attended Council and asked for clarification on rules and regulations governing stopping and parking for a Taxi in the Village.

Faulkner and Anderson that Council go into a Committee as a whole with Councillor Trumble in the Chair Motion by Anderson and Faulkner that By-Law 735-70 a By-Law re subdivision Control was enacted and passed.

Clerk was instructed to order 10 16' culverts x 12".

Clerk was instructed to prepare a (continued on page 8)

The Challenge of Cancer

CANCER is a family of diseases characterized by abnormal growth and spread of cells. It is the second cause of death in Canada and its toll in 1967 was 28,324 men, women and children. Cancer continues to present one of the greatest medical challenges of this century and the attack on it is the greatest single undertaking in medical history.

The Canadian Cancer Society and its partner the National Cancer Institute of Canada have combined to fight cancer by means of research, education and welfare services to cancer patients. Their funds come mainly from free-will donations of individuals.

More than 120,000 volunteer doctors, scientists, laymen and women are actively pursuing the battle in many Canadian communities. Your support will equip them to continue and expand the scope of the attack.

SEASON OF THE MISTS

(by Stephen Patrick)

Spring is here and now that the ice and snow of the winter season have faded away, we can see once more that all of our land is not green and all of our water is not blue. Too often the colours we see are various shades of grey — grey bubbles floating downstream to clog channels and kill wildlife, grey clouds hanging in the air and poisoning not only the old tree in the back yard, but also the little ones who used to swing from its branches.

As pollution increases the seasons will become less and less obvious. The grass will turn brown one autumn and will not turn green again. The old tree in the back yard will die and its withered memory of greener days will remain standing, for no one will have the strength to cut it down. And no one will care, because they will know how useless it would be.

In fact, it seems as though many people think it is useless to combat pollution now, for they not only have stopped fighting to free themselves from the stinking mess, but they quite willingly and thoughtlessly add

Engagement

The engagement is announced of Gloria Jane daughter of Mrs. John W. Ferguson, R.R. No. 5, Trenton, Ont. and the late Mr. Ferguson, to Mr. Grant Richard S. Reid, son of Mrs. Milton Reid R.R. No. 4, Stirling, Ont. Wedding to take place May 15th, 1970 at 7:30 p.m. in Grace United Church, Trenton, Ont.

Engagement

Rev. and Mrs. Richard Scholz, of Waterloo, Ont., announce the engagement of their daughter, Emilee Marilyn, to Mr. Gerald Robert Danford, son of Mr. and Mrs. Walter Danford, of Spring Brook, Ontario. The marriage will take place May 16th, 1970, at 3:00 p.m. at Redeemer Lutheran Church, Waterloo.

to it. Take a look at the piles of burned rubbish lying on the bank of Rawdon Creek beside the Arena. Take a look at it and think of the park you might have put there instead.

What is to be done about such shameful displays? WORK. Stirling and its people must start to combat pollution at home. Talk will do nothing. Writing articles for the newspaper will achieve little, because if you ask yourself what you plan to do about pollution, your answer will probably be "nothing".

HOCKEY 1929

The Senior Citizens met last week with their usual good crowd. Pres. Fred thanked Edna Sharpe and Roy Thrasher for the nice lunch they provided. Padre Cox was the guest of Roy and again he left us smiling. Too bad you're not older Wib, we'd like you as a member. Just keep coming.

We congratulate the boys and the girls who have brought so many trophies to Stirling this hockey season. You are the GREATEST.

Back in 1929 it was the older sports who did this honour. They won the T.V.L. Championship and as near as I can recall the team was — Earl Parnell, Ken Davis, Earl Wallace (that crack shot), Harry Ingram, Hiram Ackers (a great poke checker), Jack Ackers (Captain), and played all positions, Raymond Scott, Maurice (the French), Delbert Thompson, Ellis Hoard, Murray McGee and Earl (Lottie) Fox and Don moron shared goal. Bill Whitty was manager and also president of TVL. P. C. McGuire was secretary of the club and Rodger Meiklejohn was president.

A banquet was given the boys and there were 165 present. Dis ole Scribe (who then had hair) led in a sing song and Jerry Clute was pianist. Dr. C. F. Walt was toastmaster and toasts were given by Rev. E. W. Rowland, Father H. J. Farrell and Hon. R. J. Cooke presented the cup and Thos. Montgomery the watches to the team. Jack Ackers on behalf of the team presented a club bag to Bill Whitty their manager. The chief rooters were mentioned as Art Pyear (who never stopped yelling), his brother Ed who's voice was heard above all clatter, and Ed Palmer, who always carried a cow bell.

Those were the days.

Making Syrup in 90th Year

Mr. Martin Miller, R.R. 4, Stirling, on the Oak Hills, father of Mrs. Keitha Aude, still believes in doing a good day's work, although he is in his 90th year.

This spring he "boiled down" some eighteen gallons of delicious syrup by himself. Only help he had was in gathering the sap and cutting the wood for the fire.

Tuesday of this week he kept busy pruning his berry bushes.

H. J. McFarland Awarded Contract For Highway 14 Reconstruction

Good news for the motoring public of the district was obtained this week by the Stirling News-Argus from Mr. Clark T. Rollins, MPP for Hastings, regarding the reconstruction of No. 14 Highway from Foxboro by-pass to the Stirling Village limits. This is welcome news as this section of the highway to Belleville has been badly in need of work for some years. It is expected that work will commence in the near future.

The letter reads as follows: "Regarding recent enquiries which I have received I have now obtained the following information from the Ontario Department of Highways:

Contract No. 69-219 for grading, drainage and granular base, including hot mix paving, from the Foxboro by-pass — 62 and 14 Highways to the Stirling Village limits — has been awarded to the H. J. McFarland Construction Company Limited, in the amount of \$1,036,447.50.

Heather Robinson Passes Music Exam

Miss Heather Robinson, daughter of Mr. and Mrs. R. B. Robinson, of RR 4, Stirling, has successfully passed her Grade 8 piano and theory examination. Miss Robinson is a former student of Mrs. Gould, Trenton, and is now studying with Miss Grace Pitman, ATCL, Stirling.

Zone 5 Spring Rally Fed. of Agriculture

Six members from Hastings County attended the zone 5 Spring Rally of the Federation of Agriculture, held at Brighton on Monday of last week.

Victoria County was host and the luncheon was served by Codrington W.I.

Guest speaker was Mr. Don Cox from the C.I.A.G. office at Guelph. He is a very witty and talented speaker, who has appeared regularly on radio and television as a news analyst. The 85 — an all-time record for April, he stressed the inevitable falling off of the number of World War I veterans as active members, and called for a total branch effort to enlist the veterans of World War II and other conflicts, who are not yet active supporters of the Legion's many activities. He also informed the meeting that any member of the Canadian Armed Forces with a minimum of 2 years' service, is now eligible for membership.

Gary Reid Completes Course

Gary Reid, son of Mr. and Mrs. Ernest Reid, R.R. No. 2, Stirling, was successful in completing his Dairy Course at Kemptonville Agricultural School. Gary also received 1st prize in Cheese Manufacturing and Cheese grading, 2nd prize in Milk Grading. He was also successful in winning the silver Trophy donated by the Ontario Cheese Manufacturers Association.

LEGION NOTES

MEMBERSHIP AND VIMY NIGHT

Once again Legion members and guests enjoyed a bountiful dinner and social evening when the Stirling Legion held their Annual Membership and Vimy Night, Tuesday, April 7th. President W. deJong, Chairman for the occasion, was supported by Zone Commander Cde. Bert Bastedo and 1st Vice-President Doug Patterson.

Following the march on of the colours, the opening ceremonies of dedication and remembrance, and the toast to the Queen, Grace was said by Cde. Fred Houchin, and the dinner was on.

The centre table was reserved for World War I veterans, who were honoured by this and other special attention from their younger comrades. President deJong welcomed the gathering, introduced the guests and urged all members to be active in the current drive for members.

President deJong spoke of the fine work of Membership Chairman Cde. H. Wall and called on him for a report. Mentioning a paid up total of 85 — an all-time record for April, he stressed the inevitable falling off of the number of World War I veterans as active members, and called for a total branch effort to enlist the veterans of World War II and other conflicts, who are not yet active supporters of the Legion's many activities. He also informed the meeting that any member of the Canadian Armed Forces with a minimum of 2 years' service, is now eligible for membership.

"Prospects were good this year said Cde. Wall for the fulfilling of the goal sought target of "100 plus" new members. Zone Commander Bert Bastedo received a standing ovation when called on to speak of the successful Legion sponsored Pee Wee hockey team. His personal service in the Legion and minor sports has been outstanding.

Following a break, the seating was rearranged and the special guest Cde. Ross Kerr of Hord's Station who served overseas with the S.D. & J.s, showed slides of a tour of battlefields and war cemeteries, pointing up the second theme of the evening, that of remembrance of the epic victory of the Canadians at Vimy Ridge, and the cost.

In appreciation of his visit, Cde. Vall presented Cde. Kerr with a suitable gift.

As a teller of stories, and a reciter of poems, our own Arthur Duncan is hard to beat, and his enjoyable offerings completed the entertainment.

Prior to the closing ceremonies, a short business session for the nomination of officers was held. Election of the new slate of officers will be held at the May business meeting on Tuesday the 5th.

On Thursday, evening April 9, Branch 99, Belleville, marked the 50th anniversary of the Battle of Vimy Ridge, with a banquet and special speaker, J. W. D. "Scotty" roughen of Brighton, Ont.

Attending as guest of the branch were World War I veterans, Geo. Heasman, G. Apperley, Fred Heasman, F. Houchin, with Zone Commander Bastedo, 1st Vice Pres., Doug Patterson, and Cde. Ray Tanner of W. 2 representing Stirling Branch.

CONSERVATION CLEAN-UP

The Lower Trent Region Conservation Authority was established by order-in-council in July of 1968. The first official meeting was held in Brighton Ontario on the 2nd July 1968.

The Authority as a whole is comprised of elected council members from 17 Municipalities within an area of about 800 square miles, known as the Lower Trent Watershed. Each of these members is responsible to keep his council informed about the programs and progress of the Authority. Each Municipality has one member, but any Municipality of 10,000 or more population, is entitled to 2 members. Therefore, Trenton has one appointed and one elected.

Since its inception, The Lower Trent has been completely surveyed by crews from Provincial Headquarters, which included a study and investigation of the watershed, and also to determine a program whereby the natural resources of this watershed may be conserved, restored, developed and managed. The report of this survey will be available shortly, and the Lower Trent will then be in a better position to make long term forecasts for their future achievements.

This Authority has the power to acquire, lease, or accept as a donation land or properties for conservation purposes. Further, if necessary, to erect works and structures, and create reservoirs by the construction of dams or otherwise; to control the flow of surface waters in order to prevent floods or pollution. These are just a few of the projects invested in this Authority in its efforts to generally do all such acts as are necessary to carry out the various projects which are deemed to be feasible.

This Authority is one of 35 within the Province of Ontario. It is the second youngest — investigations have proven that each of these Authority's in their beginning was unable to show much progress during their first 3 years of operation. However, it is very evident that the Lower Trent has quietly made noticeable progress. Recently they were pleased to announce that the Millbank property at Brighton will shortly be turned over to them in perpetuity for a conservation and recreation purposes. This past week-end, a work party was busy at Tremur Lake (Trenton, they do — nothing will stop them —

PUC Reservoir) where a wildlife management area is being established, and very soon the public will notice the activity there. Other wildlife management areas have been under study for some time, which will also be developed around the watershed. During the past year, several properties have been considered for acquisition, and as a result, an option is now held on one of them. Just last week another fine old historic property came to the attention of the Authority, which would be of tremendous historic value, and of course a very attractive lure to the tourists. All of these properties will be carefully considered by the executive, who will in turn make recommendations to the full Authority meeting, where the final decision about acquisition will be made. In view of the fact that the capital budget for 1970 is \$50,000, it is reasonable to assume that not more than two properties may be purchased this year. However, perhaps other thoughtful people such as the Proctor family will see fit to donate all or parts of properties for conservation purposes.

This article has touched briefly on one or two areas of conservation, and further releases will eventually bring our citizens fully conscious of just what their tax money is paying for. Incidentally, at the present time, a committee under the chairmanship of Mr. Gordon Tobey, Brighton, is working on a simplified method of reporting water sampling information in Lower Trent watershed, in order that the ordinary citizen will understand what is the actual content of any particular stream or water, and not be required to be a university professor in order to decipher the reports that we now get.

Now that the citizen has some information about conservation activities in this particular area, it might be advisable to remind one and all that our government can hammer away at industry by threatening, fining, or other methods, but water control and pollution control come under one definite word — INVOLVEMENT — by every citizen; and if this involvement is practiced at home at work or at play, then proper steps have been taken towards the stamping out of pollution — which will not take place in a week, a month or a year — but, when we the citizen realizes the many things that we do to encourage pollution then and then only, will a full out drive start a surge that will win this fight. Can't you see? The citizens are slow to anger, but when was busy at Tremur Lake (Trenton, they do — nothing will stop them —

their performances in two world wars, both at home and on the battle fronts have proven this.

Therefore, one must not say — what's in this conservation for my Municipality? How can we cut expenses? But rather, how much can we accomplish through this Authority and how can I help sell the Authorities programs? What can I do to help? "THIS IS WHAT YOU CAN DO".

On Saturday, June 13th next, the Lower Trent Region Conservation Authority under the direction of the water control advisory board will conduct a clean-up of the Trent River from the Bay of Quinte area at Trenton, up to and including the Village of Hastings. Mr. Claude Trumble of Stirling is the chairman of this board and when initial plans were made recently, the following were delegated to shoulder the responsibility in various areas — Trenton, C. G. MacDonald, W. E. Menzies, Jack Wilson and W. T. Lawson. From Brighton, John Guertin and Gordon Tobey. Frankford and Stirling, G. W. Payne, Don Rodgers, Chas. Morton and Claude Trumble. W. G. Carter and Carl Heath will look after

the Campbellford and Hastings area.

Each and every citizen of the entire watershed is urged to come out on this day and pitch in. If you have a boat so much the better, bring it along also. The plan is to scour the river banks as well as the river itself. All junk will be hauled away to a dump, and in the case of debris and deadheads in the water, they too will be hauled in and disposed of. The local Chambers of Commerce, Service Clubs, Legions, Air Force Bases and others including industry are being asked to participate. For example, any industry along the river will be asked to place a truck at the disposal of employees who are willing to participate, in order that the waste materials may be carried away. Heavy equipment is being sought so that dead heads removed from the water may be easily disposed of.

The Canadian Labour Congress has recently suggested to all of their affiliated unions, that they become active in community projects such as conservation activities. Mr. Loader, President of the Trenton and District Labour Council has offered his assistance for this clean up day and he will urge all local union members to participate. The Ontario Hydro is also being asked to lend their assistance.

Posters will be placed in strategic places, including the cottage areas, asking cottagers and property owners along the river to clean up their shore line.

A great deal of planning is presently underway to make this a great event. Complete radio communication from the Bay of Quinte to Hastings will be in operation to make proper co-ordination which is necessary to make the day successful.

So Mr. and Mrs. Citizen, you have asked "What you can do to start the

you a challenge: Come out on this day, and let the citizens of this area spearhead a great effort which will most certainly be taken up by other areas in succeeding years, after they find out just what the citizens along the Trent Waterway accomplished. Get your date book out, and mark in "Conservation Clean-Up Day", Saturday, June 13th, 1970.

Let all of us start using this phrase — Let our children use this phrase — Let our radio announcers use this phrase — Let our fine people from the press use this phrase — Everyone for the next two and a half months, carry the message "Conservation Clean-Up Day".

NATURE TRAILERS!

Way of Life . . .

Conservation is the planned management and wise use of nature's resources. It aims, in co-operation with science and nature, to increase their quality, quantity and availability through the years. Conservation is not merely a subject for a school curriculum or for attention of conservation officers and departments of government. It is a way of life for all people. —The Royal Bank of Canada Monthly Letter.

The Good Earth . . .

The space age has given new meaning to conservation. Suddenly we see that conservation has become the effort to keep earth as alive as possible and as different from a moon-

scape as we can keep it. A look at the moon is a view of the sort of countryside that the conservation effort seeks to prevent. —Yorke Edwards in the Ontario Naturalist.

A Prince Describes Pollution . . .

"This most excellent canopy, the air, this brave overhanging firmament . . . appeareth nothing to me but a foul and pestilent congregation of vapours." —Hamlet.

Forest Fire . . .

One man in one day with one match can clear a hundred acres. —Nicaraguan proverb.

Steps To Destruction . . .

First the axe, then the plough, then the rain, then erosion, finally the desert. —Zimmerman.

River Valley W.I. Annual Meeting

On Thursday, April 2nd approximately thirty members and visitors and seven pre-school children were in attendance at River Valley W.I. Centre for the annual meeting.

Mrs. Vernon Harry was hostess and at one o'clock a full course cold meal was provided by the members of the two groups, Agriculture and Historical. The Institute Grace was sung and the Cafeteria Meal followed when all sat down at long tables in the kitchen.

Immediately following the dinner the treasurer recorded the fees paid to date, there are 4 Life Members and twenty six annual members for the 1970-71 year.

Meeting
At two o'clock the president, Mrs. Roy Tucker opened the meeting with the Institute Ode and Mary Stewart Collect. The Roll Call — "A Flower or Shrub I would like to plant this spring" was most interesting.

Mrs. Gerald Brooks read the March minutes and Mrs. J. L. Donohoe gave the financial picture. This included a report of the catering for a wedding on March 21st.

It was announced that the 4-H Achievement Day is May 9th and the programme was displayed.

The F.W.I.C. National Convention will be held in Winnipeg, Manitoba, August 23rd to 28th, 1970. The theme "Communication — Keystone for progress." A motion was made that if any member was planning a trip to the West at that time the Institute would share the expense of attending this event.

Letters re a Senior Training Class and Short Courses were discussed. Mrs. Percy MacMullen for Public Relations gave a few items re the work of York Road Institute at Brighton and St. Vincent W.I. at Meaford. All the Ontario Branches are asked to study Norway this year as the 13th Triennial Conference of the associated County Women of the world will be held in Oslo, Norway in August 1971. The theme "A.C.W.W. — Pathways to Progress".

The Friendship Links — Mrs. MacMullen read part of a letter from Mrs. E. Coombs of Abbots Leigh W.I. in England which told of their annual supper meal on March 17th. She also read from their annual report re River Valley W.I. from press clippings. This group observed their 31st Birthday anniversary in December 1970.

Presentation
At this time the president presented Institute badges and hard books to four new members, Mrs. Raymond McConnell, Mrs. Ralph Carlisle, Mrs. Ed Kent and Mrs. Morley Richardson.

Mrs. Percy MacMullen read "The Ten Commandments of Homemaking" as published in the winter issue of Federated News.

Annual Meeting
The secretary reported 4 Life Members and 32 annual members for the past year with an average attendance of nineteen. There were 38

visitors and 13 club members who attended. She also read the minutes of the last annual meeting. The following reports given — Treasurer, Mrs. J. L. Donohoe which showed a good bank balance and Mrs. Jack Bush gave the auditors report.

The treasurer of the property committee, Mrs. Glenn Bennett sent her report. She was sorry to withdraw from this department due to her many school duties.

Agriculture and Canadian Industries — Mrs. Glenn Bush, Historical Research and Current Events — Mrs. Jack Bush, Home Economics and Health — Mrs. Roy Irven, Resolution, Public Relations and Friendship Links — Mrs. Percy MacMullen, Curator — Mrs. Roy Bush. The reports all gave a vivid picture of the years accomplishments.

The report of the Nominating Committee was read by Mrs. J. R. Donohoe. Mrs. Ross Bush conducted the election and installation of officers. A vote of thanks was tendered the president for her year's work.

During the period of new business the president read "Every Day is a Little Life" and conducted a contest on the theme "Old Sayings."

The date of the May meeting will be announced at a later date. Several items of business were discussed. The 60th anniversary will be celebrated some time in the future.

Three tables were authorized to be purchased. The two dollar fee to Hastings Historical Society will be paid and the president will be the representative.

The pennies for Friendship were gathered and the March contribution was two dollars. An executive meeting will be held Monday evening when the Citizenship and Education report will be given.

The plants and seeds brought in by members was auctioned off by Mrs. Jack Bush and the proceeds went to the penny jar. At the close the president voiced appreciative thanks.

During the year the R.P.O. has reported in the Stirling News-Argus. Twelve regular meetings, fifteen card parties. The award night for the swimming class, pot luck supper for the Community, the closing of River Valley school in June. The housewarming at the centre in November and the Senior Training Project The Main Dish Makes the Meal. The donations report shows \$856.50 for W.I. projects, contributions and community etc.

During the year the Institute members have catered for an Anniversary supper, a Banquet, a wedding and a Barn Sale.

Good Tidings WMC
The regular meeting was held on Thursday, April 9th at the home of Mrs. Chas. Woods. President Mrs. Melville Donnan asked all to stand and Mrs. Lee Smith opened with prayer. Mrs. Donnan welcomed Mrs. Harmon back.

Mrs. MacDonald the pastor's wife, led in the singing of choruses. Mrs. Melville Donnan read a reading, saying each trial or circumstance we find ourselves in are all that we might be perfected for that day.

Roll call was in the form of choosing a promise from a Promise Box and reading each one in turn.

Minutes of the last meeting were read by Mrs. Ray Donnan.

A letter was read by Miss Marjorie Forbes from Teen Challenge in Toronto thanking the members for the parcel sent and also giving account of the young people who are being helped in this place.

A letter from Mrs. C. B. Smith of the Bible College in Peterborough was read by Mrs. Melville Donnan thanking the WMC for the quilt which was sent there. Every year each boy and girl graduating receives a quilt. This year there are 37 boys and 17 girls, so there will be 54 quilts donated by various WMC's.

An invitation was received to attend a convention in Oshawa May 4. Parcels of used clothing have been made ready to send to Northern Indian work.

Mrs. G. Harmon brought the devotional, taking from Romans 5: 3-5 as her theme. She explained that our

lives have been purged and as a sculptor uses a chisel to make his marks accomplish on his figurine, so does God's chisel, and takes away the dross from our lives and makes and moulds us to conform to the image of our great Saviour the Lord Jesus Christ. She also related from 1 Kings when Solomon built the temple everything was prepared away from the temple and when it was brought there it was perfect, each stone chiseled just so. So it is with all Christians, we are being tried as with fire so they come pure as shining gold. We truly felt the presence of God and the Holy Spirit dwelling among us.

Circle of prayer followed with requests being taken by Mrs. MacDonald, Mrs. Elliott, Mrs. Donnan and Miss Forbes.

Mrs. Woods closed the meeting with prayer.

River Valley W.I. Executive Met

Monday evening, April 6th, the President, Mrs. Roy Tucker, held an executive meeting at her home with ten members in attendance.

Mrs. Ernest Carr gave the report on Citizenship and Education. The reports have been adopted and will be sent to the District Conveners.

The President gave her report of the recent executive meeting of Hastings West District and plans were completed for the Annual Meeting on May 13th at Sidney Baptist Church with Chatterton Branch as hostess.

The four group leaders, Mrs. Glenn Bush, Mrs. Ernest Carr, Mrs. Vernon Harry and Mrs. Jack Bush then chose eight members each and the balance of the membership will be chosen later.

Since Monday the group leaders have held meetings in their own homes and each arranged three programmes for the 1970-71 year.

Although non-stick cookware has been in common use for a number of years, women still have questions about its use and care.

One of the questions most often asked concerns the color of a non-stick finish such as Teflon. Women wonder about the relative merits of the various colors. Actually, the plastic non-stick finish is colorless and the color is added for appearance and practicality. A colored lining in a utensil looks more attractive. Many of the newer pots and pans have gaily colored porcelain exteriors so a deep brown or black lining is used to complement this color. From the practical standpoint, the darker colors show less staining. Regardless of color, all finish have the same properties but it may be easier to retain an attractive appearance when the non-stick lining is a darker color.

Probably the question most often asked is what to do about discoloration on non-stick finishes. Utensils with non-stick finishes should be thoroughly washed with detergent or soap after each use. The pan may not look as if it needs it but unless it is thoroughly cleaned it will lose its non-stick qualities. For a special clean-up job, mix two tablespoons of baking soda with half a cup of liquid chlorine bleach and one cup of water and boil this solution in the stained utensil for five or ten minutes. It would be necessary to increase this quantity to clean stains from the sides of a larger pot.

Some people worry about scratches

Small scratches will not affect the efficiency of the finish. The use of plastic, rubber or wood tools for stirring and lifting is a safeguard against excessive scratching. On some of the newer and tougher finishes, with a little extra care you may safely use metal tools.

Although non-stick cookware cost considerably more than the plain type, many homemakers consider it well worth it because of the easy dishwashing.

WEEKLY REPORT FROM FOXBORO DISTRICT

(BY JACK WOOD)

BETTER CALF FEEDING PAYS OFF

"The ultimate goal of raising a dairy herd replacement calf is to produce, at lowest possible cost, a cow with high milk yield potential, desirable fat level potential, low feed requirement, long production life, regular breeding, good health and ruggedness," said Victor Wagemans, president of Mutual Products Limited, to a group of feed men recently.

"The part nutrition plays in this can be limited, some say, to only one or two of these items. Obviously, all of these characteristics are very significantly affected by heredity. It is, however, conceded that nutrition can easily deduct from potential (it cannot add). As a matter of fact it is generally agreed upon that whether or not a cow produced to her full potential depends largely on nutrition (environment plays an important role too).

"I have always felt that if we put much store in nutrition as a means to achieve full potential for production (as we do in all cases, meat, milk, eggs, work) we must also attribute proper value to nutrition when it comes to equipping animals to do their best."

Having made his case for good nutrition, Mr. Wagemans then proceeded to describe it.

"A newly born calf, as everyone agrees, must receive colostrum milk and preferably as long as the cow's milk cannot be shipped. Dutch research clearly showed that three days dam's milk was a minimum and four days (or more) were best. Colostrum performs two vital functions:

1. It stimulates removal of the tar-like substance in the intestinal tract of the new born calf.
2. Provides the calf with immunization against diseases.

Young calves develop their rumen (if given a chance). Until the rumen is fully functional, a calf is wholly or partly a single stomach animal which dictates that its nutritional requirements must be met specifically to the last detail. Once the rumen functions fully, the ruminant can be fed on the same principles as mature ruminants, with greatly reduced specific detail" (i.e. simple rations).

With this basis firmly in mind, Mr. Wagemans goes on to outline a proper nutritional program.

"I feel that cow's milk or a high quality milk replacer, should be fed for at least eight weeks (my own calves would get it 12 weeks) and a high quality calf starter, later grower, from 10 days until the calf is 4

to 6 months old." He commented that a high quality milk replacer (diluted in water) must have a moderately high fat level and a highly digestible protein content, and be of high biological value.

"With today's knowledge and technology, this means that the protein of a high quality milk replacer must be made up of sources of milk protein to come closest to cow's milk," he said. He indicated his nutritionally optimum milk replacer would contain 20 to 25 percent protein from milk products, and five to 16 percent fat.

Boomhour - Andrews Wedding

College Hill United Church, Belleville was setting for the marriage of Patricia Gail Andrews, daughter of Mr. and Mrs. Frederick Andrews, RR 4, Stirling and Gordon Keith Boomhour, Belleville, son of Mrs. Thora Boomhour, RR 2 Trenton, and the late John Boomhour, on March 26th, 1970 at 7 p.m. Officiating at the ceremony was Rev. R. Vessey and organist was Mrs. Marilyn Bailey.

The bride, given in marriage by her father, wore a full-length fitted gown of flower patterned with lace over taffeta with long sleeves. The shoulder-length veil of nylon tulle edged with lace was caught to a seed pearl tiara. She wore a diamond necklace and carried a cascade of red roses and white carnations.

Matron of honor was Mrs. Douglas Bateman, Belleville, cousin of the bride. She wore a floor-length gown of blue brocade cut in the empire styling and featuring short sleeves with a cowl neck and matching train and headdress and carried a nosegay of white and pink carnations.

Best man was Douglas Bateman and ushers were Bruce De Genova, Toronto, brother-in-law of the bridegroom and Paul Hawker of Barrie.

For the reception and dance held at the 418 Club, Sidney township, the bride's mother greeted the guests wearing a dark mauve lace over taffeta dress with elbow length bell sleeves, beige accessories and a corsage of yellow and white carnations.

The bridegroom's mother assisted her wearing a two-piece pale mauve crimplene suit with pink accessories and a corsage of pink and white carnations.

For the wedding trip to Niagara Falls and points west the bride chose a beige Raschel knit dress with black accessories. Her corsage was yellow carnations.

Out-of-Town guests were present from, Toronto, Barrie, Port Credit, Marmora, Millbridge, Bannockburn, Warkworth, Whitby, Eldorado, Madoc, Bramalea, Trenton, Ormsby, Eldorado, Vancouver and Balmerton.

The couple will reside at 251 Sidney St., Apt. 3, Belleville.

Previous to her recent marriage Mrs. Keith Boomhour (nee Pat Andrews) was honored at a miscellaneous shower given by Mrs. Betty Bateman, Belleville, with co-hostess Mrs. Douglas Bateman; also at a presentation when co-workers at Northern Electric presented her with a number of gifts.

Library News

At the regular meeting of the Stirling Library Board it was decided that because of increased expenses, it would be necessary to increase the cost of Library Cards as follows:—regular cards, for Stirling residents will be 26c; Students cards for out-of-town students will be 45c. for the year running from September to September; and non-residents cards will be \$3.00 per year. These prices will come into effect as of May 1st, 1970.

We hope to continue to give the very best library service possible, and our book collection is extended by inter-library loan service for any who require it.

Friday night films and Saturday afternoon Story Hour are nearing

the end of the season — they will end on April 24th and 25th, and begin again in the Fall, when we hope to see all our friends, and some new ones too, at these events again.

New books on our shelves include "And Then you Came" by Ann Bridg. This is a story set in the Western Highlands of Scotland, and tells of the relationships within a group of well-contrasted characters, who find that in uncovering the Celtic past around them they are caught up in the legend that haunts the glens.

In "The Dark Moment", the same author shows her versatility in a story that takes the reader to the unfamiliar scene of Turkey. Her theme shows us the transition from the leisureed elegance of the Ottoman Empire to the vigour of the 20th Century, and its effects on Faride, a Pasha's daughter, and her English friend.

Carson McCullers was only twenty-two when she wrote "The Heart is a Lonely Hunter", but this book has become a classic concerned with the struggle of human beings to build bridges of communication between their separate islands of loneliness.

Robert Wilder's new novel "An Affair of Honor" is set in the lush and beautiful Bahamas, and tells the story of Maximilian Hertog and those who are involved in his life; his daughter Jan; Royal Keating, the black man with the pride of a descendant of African kings, Sinister Sir Stephen Simon, and Carol, his lovely secretary.

For our teenage readers, "First Job" by Josephine Kamm tells of Sally's search for a grown-up future, and in "Let X be Excitement" Christie Harris tells of Ralph's efforts to find a career that is worth the effort he put into the search.

Our many readers who love horse stories will be thrilled with "Black Gold" by Marguerite Henry. The excitement of the track and the feelings of those people most closely involved with the courageous little horse make an unforgettable tale of racing adventure.

Tokley -- Fraser Wedding

June Pearl Fraser, of Stirling and Clifford Roy Tokley, of Tweed, were united in marriage on Saturday, March 21, 1970 at 6:00 p.m. in St. Paul's United Church, Stirling. Rev. Bruce Small officiated at the ceremony. Mr. and Mrs. Douglas Ackers attended the couple and Mr. and Mrs. Grant Richardson sang "The Lord's Prayer" and "Bless This House" accompanied by Mrs. Harold West at the organ.

A reception, buffet dinner and dance was held in the Legion Hall, Stirling, following the ceremony at 8:15 p.m. The groom's mother, Mrs. Pearl Tokley, of Tweed, received the guests assisted by the bride's daughters, Mrs. Ross Anderson, Stirling, Mrs. Gordon Vaughan and Miss Beth Fraser, both of Belleville.

Following a wedding trip to Arizona and south western states the couple will reside in Stirling.

Stirling 4-H Club

On April 4th, Stirling and River Valley 4-H Clubs met at the River Valley Women's Institute Centre. After a short business session, the girls enjoyed a talk on safety by Constable Walton who also showed two films. Later Constable Turner discussed with the members any questing girls served a delicious lunch.

The eighth meeting of the Stirling club was held on April 11th, at Mrs. E. Wannamaker's. Members answered the Roll Call with their definition of a good citizen. Debra Gliddon led the discussion on "It's Great to be a Canadian."

Members displayed their crafts which they will take to Achievement Day. Plans were made for a hike next week and work meetings to finish the project.

Friday Night Mixed Bowling League

The Flyers are still in the lead with 122 points. The Hot Shots are in second place with 114 points. The Jets in third place with 101 points and of course The Swingers don't want to change their standing so close to the end of the season, so they are in last place with 55 points. Roy Poste still holds high average for the men of 232 and Verna Woodbeck for the ladies with 204. Maurice Faulkner rolled 3 good games of 241, 210 and 271, to take the high triple for the week of 722 and Della Reichert had 657 for the high triple for the ladies.

Ralph Park just about made another 300 game by rolling the high single for the week of 299 and Rosa Spry

and Della Reichert both had a good game of 260 for the ladies high single.

Other good games — Betty Faulkner, 202 Ray Rose, 228; Jack Wilson, 225; Doug Scea, 218, 255 and 204; Peter Lippert, 243 and 202; Harold Morgan, 239; John Reichert, 207; Daisy Corbett, 212 and 224; Robert Sararas, 239 and 225; Ralph Scea, 221; Ray Poste, 219, 206 and 206; Hilda Rose, 234; Barry Wilson, 229, 204, and 249.

Grace Scea rolled the high triple of 675 and high single of 204 for the B Group.

Betty Faulkner still holds the high average of 157.

Ten Pin League

Saturday, April 11th — The Hot Shots (83) were 5 to 2 winners over the Slow Pokes (106).

Ladies' high single, triple and average, Erika Schleifer, 165, 441 and 438.

Men's high single, triple and average, Art Schleifer, 191, 541 and 171.

Ralph Scea was right after Art with games of 190, 189 and 145 (524) triple. Other good games were Jack Wilson 131, 170 and 145; Bill Reid 169 and 141; John Reichert 169 and Erika Schleifer 157.

STIRLING AND THE CHEESE INDUSTRY

(Stephen Patrick)

Would you believe that three cheese factories in the vicinity of Stirling together produce enough cheddar cheese in a year for about a ton of the delicious stuff for each resident of the village? Well, it's true, and when the News-Argus realized just how much cheese was being produced in the neighbourhood, it decided to find out more about it, particularly where does it come from, and where does it go?

We visited the three factories and talked with the people who worked there. This is what we found out.

Shamrock Co-operated

Located on the outskirts of Stirling, as you are going to Frankford, this cheese factory is owned and run by a co-operative. We talked to Mr. Ross Lain at the Shamrock Co-operated in the late morning, and the day's cheddar cheese was already well into the production sequence. Mr. Lain described the process as follows:

The milk arrives from the patrons to begin the process. Only the best sweet milk is used. To this a substance called rennet is added. The rennet, containing rennin, curdles and thickens the milk. The result is cut with knives and then goes through the cooking step, during which a temperature of one hundred and two degrees Fahrenheit is maintained. The whey is then drained off and removed. What is left after the whey is gone is the thick, soft curds. They are piled up and put through the cheddaring process. The cheese is milled, salt is added, and the cheese is put into hoops.

There are four to five people employed at Shamrock Co-operative, and they produced about two and one-half tons of cheddar cheese per day through the summer, and about one and one-quarter ton per day through the winter.

The sweet milk used at the Shamrock Co-operative comes mostly from the area near and around Stirling, but one load of milk comes in from fourteen patrons at Stockdale. When the cheddar cheese has finished its production most of it is sent to Black Diamond Cheese Company, in Belleville, for further processing, packaging and delivery or export.

Evergreen Cheese Ltd.

Making cheddar cheese has long been a standard way of earning a living in Hastings County. The Evergreen Cheese Ltd. factory, located east of Stirling on the ridge road, is situated an almost exactly the same spot as a cheese factory that was in operation in the 1860's. The present factory is the third building for that purpose to be located there.

The present Evergreen Cheese Factory, owned and run by a family of three partners, operates all year round, although they work only on alternate days during the winter months.

The factory produces about a million pounds of cheese per year. There are five people employed at Evergreen.

The area producing milk for the Evergreen Cheese Ltd. is a large one, extending northward to Bonarlaw and southward as far as the other side of the 401, east as far as Moira and west as far as Hord's Station.

Last year, the cheddar cheese from Evergreen won top prize for Hastings County at the British Empire Dairy Show. No entry into the contest was made this year.

The finished cheddar cheese is sent by contract to Black Diamond in Belleville.

Central Cheese Factory

Not all cheese factories run the full length of the year. The Central Cheese Factory, located about two miles outside of Stirling on the way to Campbellford, is closed for the three coldest months of the year. But for the nine months of the year during which it is in operation, the

DAYLIGHT SAVING STARTS SUNDAY

Yes, readers, that time is here again!

Saturday midnight, April 25th, set that clock ahead one hour, lose an hour's sleep and roll the children out an hour early Sunday morning for Sunday School and Church services or else they and their parents will surely be late.

Monday morning the struggle will undoubtedly be very severe. Teachers will, no doubt, be confronted by sleepy pupils until around recess.

No matter how severe the results, Daylight Saving Time is here to stay until Oct. 25th, so just remember everything is on D.S.T. for the next few months. Oh, well, we have to have time, so let's enjoy it even if we must get up an hour earlier to see the sunrise.

Energetic Bowling

April 17th — Group A — High single and triple, Hilda Rose, 293 and 737; high average, Lenora West 207.
Group B — High single, Mary Cooke 204; triple, Mabel Brooks 499.
Good games — Verna Woodbeck 215; Irene Hogle 247; June Knapton 222; Heather McGee 204; Mary Cooke 204; Hilda Rose 203, 293, 241.

Bride-To-Be Honoured

Mrs. Hadley Richardson, River Valley, opened her home on April 14, for a bridal shower in honour of Miss Christina deBruyn a May bride-to-be. Mrs. Ernest Carr and Miss Jean Donohoe were co-hostesses. Forty-six ladies were present.

The home was decorated with pink and white streamers and wedding bells. Corsages were presented to the bride-to-be by Miss Jean Donohoe; to the bride's mother, Mrs. deBruyn, by Mrs. Hadley Richardson; to the groom's mother, Mrs. Walter Rodgers, by Mrs. Ernest Carr.

Mrs. Richardson welcomed all present and opened the program with a reading entitled "Loyal Bride". Mrs. Jack Bush gave a reading. Contests were conducted by Mrs. Larry Richardson and Miss Jean Donohoe. Mrs. J. R. Donohoe had a contest of gifts for the bride on her honeymoon.

Mrs. Ernest Carr read an address to Christine and she was presented with a large array of gifts. She made a suitable reply to all.

A lovely hat was made by Mrs. J. L. Donohoe and the bride was ready for pictures to be taken.

Lunch was served by hostess and co-hostesses along with Mrs. Garry Richardson, Mrs. Larry Richardson, Mrs. J. R. Donohoe, Miss Judy Ann Bush, and Miss Judy Donohoe assisting.

four employees turn out well over half a million pounds of cheddar cheese, an average of about two thousand pounds per day. Central Cheese Factory, like Shamrock co-operated, is co-operatively run and owned.

The area supplying the sweet milk for Central is roughly a circle about two miles in radius about the factory, with some milk coming in from Frankford. Instead of drawing off the whey into a lagoon as is done at Evergreen Cheese Ltd., Central keeps the whey cream as a by-product after it is separated from the curds.

The cheddar cheese from Central Cheese Factory, like that from Shamrock Co-operative and Evergreen Cheese Ltd., goes to Black Diamond Cheese Ltd. in Belleville.

Other cheese factories in the area that we plan to visit include Harold Cheese Factory, Plum Grove Factory and Beulah Factory.

STIRLING FIRE CALLS

A reminder to residents of Stirling Village in placing a call for the Stirling Volunteer Fire Department. First thing to do is dial "O" for operator and when she answers give the number Zenith 66660. When this number is announced at the Belleville Fire Station, give the dispatcher your name and address and the location of the fire. He will then immediately activate the Stirling Fire Siren.

Friday Night Mixed Bowling League

Well it is really interesting, just one more night to go and there is only 3 points between the two top teams — Flyers have 122 points and the Hot Shots 119 points. The Jets are still in third place with 108 points and the Swingers are still swinging with 57 points. So you see you never know what can happen.

Rosa Spary came right up and tied Verna Woodbeck for high average of 203. Ray Poste still holds the average for the men of 232.

Ray also took high triple and single this week by rolling games of 191, 231 and 364. Rosa did the same for the ladies with games of 226, 324 and 161 with grand totals of 789 and 711.

Other good games for the evening were Hilda Rose 216 and 251; Ivy Poste 202; Barry Wilson 205; Doug Sca 240 and 235; Harold Morgan 279; Verna Woodbeck 214, 227 and 200; Maurice Faulkner 229; Betty Faulkner 235; Ray Rose 278 and 236; Jack Wilson 231 and 239; Bill Reid 208, 273 and 214; Ralph Sca 262 and 243. Betty Faulkner has high average of 158 for the B. Group, also rolled high single and triple for the week.

Don't miss next week. Come and see the fun.

PROCLAMATION Daylight Saving

In accordance with a resolution of Village Council, I hereby request the Citizens of Stirling to adopt the system of Daylight Saving Time beginning with SUNDAY, APRIL 26th next, by advancing their timepieces one hour when retiring on Saturday, April 25th, and by reverting to Standard Time at 12.01 a.m. on Sunday, October 25th next.

Dated at Stirling, Ontario, this 18th day of April, 1970.

Our (Senior) Citizens

Jack and Tilley Senior from R.R. 3 Frankford Road are our latest members. Jack can claim to be a (Senior) citizen from his birth. He has been Jack Senior since his father passed away and before that he was Jack Senior (Junior). Well anyway Jack and Tilley are a great pair. They served a nice lunch at Senior Citizens last Thursday for which Pres. Fred expressed the thanks of the club.

Fred was right on his toes last week. He even sacrifices his politics long enough to give a very funny reading that wasn't exactly down his political alley. Fred you're a good sport.

Dis ole Scribe was proud that he was born in Rawdon, when it was announced that The Rawdon Council had voted to donate a goodly sum for our pleasure. We sincerely appreciate this kind and generous thought. Many of our members are from Rawdon and several are from Sidney. We hope to see more of you and you are always welcome any time. We meet on Thursday of each week at 2 p.m. If you do not feel that you can become a member why, come as a visitor. You'll find we are off-handed and have lots of fun. They are not all as crazy as dis ole Scribe.

WEDNESDAY, APRIL 22, 1970

Mt. Pleasant U.C.W.

The April meeting of the U.C.W. was held on the evening of April 8th in the church hall with thirty-two ladies in attendance. Mrs. Garth Joslin presided and read an item entitled "The Seeds We Sow". She gave a welcome to all especially the visitors from Toronto and Sudbury.

Mrs. Milton Shaw was pianist, Mrs. Douglas Campbell gave the minutes

and roll call. Mrs. Hubert Smith read the correspondence. Mrs. Burton Sharpe gave the financial picture which included "The Spring Thing" and the banquet. Stewardship was given by Mrs. James Hoard and Missionary Education by Mrs. Kenneth Weaver. Plans were made to cater at a farm sale and arrangements made for visits to Hastings Manor the first Wednesday of each month. The ladies are asked to

bring good used clothing to the May meeting for the supply sale. The book "Live Love" was displayed.

The programme was arranged by Mrs. Milton Shaw and Mrs. Thomas Cousens. All sang "We Plough the Fields". Mrs. Burton Sharpe read the Bible lesson and the prayer. Mrs. Shaw gave an interesting paper on the theme "Opportunity". All sang a springtime chorus and Mrs. Robert Merrick read a selection. Mrs. Mac Sharp contributed piano music. The offering was gathered by Mrs. Frank Spencer and dedicated by Mrs. Milford Wrightman after which Mrs. Douglas Campbell read a poem. Mrs. Thomas Cousens read a message from the book entitled "Life for the Choosing". This was centred on the theme "Man's Feeling of Responsibility to the Earth". The article stated that nature has been at work for a great many millions of years to get things as they are. The laws of nature were so contrived that land, water, plants and animals could exist in harmony. But man has meddled with all this in the ways of modern culture, through the age, plough, fire-arms and bulldozer.

Today natural forces must be put to work to make this land of ours a healthy place to live until plenty of

adequate forests and outdoor space. During the social hour the refreshments were provided by Mrs. Herbert Smith and Mrs. Robert Merrick.

St. James CWL

The annual meeting of the Catholic Women's League was held at the home of Mr. and Mrs. John Ryan, where members were privileged to

attend Mass, which was celebrated by Father McFarvey.

Annual reports were read and adopted. The executive was chosen for the coming year, as follows:

President, Mrs. R. LaChapelle; Vice President, Mrs. J. Ryan; Secretary, Miss A. O'Donnell; Treasurer, Mrs. J. Doran.

A gift was presented to Mrs. LaChapelle and Father McFarvey expressed his appreciation to the executive for their good work in their term of office.

Two delegates will attend the Diocesan Convention to be held in Brockville in May.

Thanks were expressed to the Stirling Horticultural Society for their generous gift of a lily at Easter.

Members were asked to collect used clothing and also to give suggestions to the executive regarding a short trip to be taken in the early summer.

At the close of the meeting refreshments were served by Mrs. Ryan and Mrs. John Kerby.

Public School Bowling League

On Saturday, April 11th the Hot

Shots 2 and the Way Outs 3 in two very close games. The Hot Shots got the second game by just one point and the Way Outs the total pinfall by 18 points. The Pin Smashers took an easy 5 points from the poorly attended Flintstones.

Bantams

Debbie Montgomery bowled games of 202 and 143 for high single, double of 345 and boosted her average by 2 to 120.

Ricky Clements bowled two games of 143 for boy's high single, double and average of 139.

Other good games — Cheryl McGee bowled her highest of the season a 143 game. Jo-Anne Valchar 134 and 113; Terry McGee, 131 and 126; Robby Clements, 131 and 123; Sherry Farrell, 141 and 100; Dianna Barry 166 and 104; Judy Tucker, 123 Judy Meeks, 126 and Kim Philip 114.

Juniors

Bill Sealey had games of 175 and 170 for high single and double of 345. David King's 145 average is high.

Other good games — Billie Milligan, 165 and 143; Steve Benson, 150; C.B.C. Crests won — Cheryl McGee 125 single; Debbie Montgomery, 209 single and 300 double.

Do You Remember?

— TWENTY-FIVE YEARS AGO —

ISSUE APRIL 19th, 1945

A service in memory of the late President Roosevelt of the United States, was held in St. Paul's United Church Sunday evening.

Under a reforestation scheme, Mr. J. V. Holt, of this village, has recently completed the planting of 5,000 pine and spruce trees on his property on the 7th of Sidney.

Good growth — A stalk of alfalfa from the farm of Roy Irvine, River Valley, measuring 18 inches in length was on display at the News-Argus office this week.

Of the 7,000 forest fires that burn in Canada each year, 75 percent are man-caused.

CONSERVATION CLEAN-UP

I would like to congratulate the Lower Trent Region Conservation Authority for taking an initial step to fight pollution and I'm sure we are all grateful for their leadership in this battle, so let's not let them down and get in there and do our part on Saturday, June 13th. In case you haven't heard, The Lower Trent Region Conservation Authority has planned an extensive clean-up of Trent River from Trenton to Hastings and is asking assistance from each and every able citizen in the Trent watershed. Further notices will likely be posted for your convenience.

ANXIOUS ANGLERS

The pike are pretty well done spawning now and this year proved a pretty good one as far as the number of fish to run. Also the lower water level this year should help the hatch. In years of high water at spawning time many millions of eggs

are laid and fertilized in flooded fields, woodlands and swamps and are destroyed before they hatch when the water level resides leaving them stranded in the sun. This year, however, the water level is not far from summer levels and any eggs laid and fertilized should stand a good chance of hatching.

The pike population suffered a heavy loss this year to anxious persons with spears, guns, nets, etc. I saw several large pike, lying dead on the creek bottom that were speared and lost because of a bad hit or a faulty spear.

The smelts should be starting to run now and the mudcats should be starting to bite any day now so if you like fish you won't have to wait much longer.

THE BIBLE TODAY

Mr. Joao Batista, operator of the Bible Society of Brazil's launch, "Light of the Amazon," experienced many difficulties while doing colportage work in the village of Vista Alegre. The people were indifferent to his words and the presentation of Bibles because many of them were unable to read and others because they had no money.

Just as he was about to leave, Mr. Batista stopped at a house with a straw roof. His knock at the door was answered by a voice telling him to enter. Once inside he found the bedridden woman, a paralytic for more than a year. Upon seeing the Bible in his hand and hearing about God's power, she reached under her pillow for three coins and said: "I have had the money ready for a long time to buy this book. I have even gone hungry and have not bought medicine. Today, thank God, the great day has arrived!" Then the deeply moved colporteur read with her from the Word of God, offered a prayer and returned to his launch a happy man.

Two years later Mr. Batista again visited Vista Alegre. Immediately he went to the paralytic's house. This time, however, instead of finding a lone woman he encountered many people. He was greeted with the question, "Are you Mr. Joao Batista?" Surprised, he asked the inquirer how she knew his name. "Before my daughter died," the old woman explained, "she told us a lot about the book which you sold her. She died a Christian, and now we are all believers—converted through reading the Bible which you left in this house."

I would like to thank all the friends and relatives who sent cards and gifts and who paid visits during my recent stay at Belleville General Hospital and after returning home. Orland Towns 16-1p

CARD OF THANKS

I wish to sincerely thank my relatives, friends and neighbours; also Rev. B. Small for their many visits, cards and gifts which made my stay at Belleville General Hospital more pleasant. Also a special thanks to Dr. Loyne's and Dr. Hipwell and a wonderful nursing staff on the 7th floor for the care that they gave to me. Thanks so much. Bert Reid 16-1p

CARD OF THANKS

We would like to extend our heartfelt thanks to relatives, friends and neighbours for flowers, cards and personal calls at the time of our recent bereavement. To the nurses and orderlies of Belleville General Hospital and a special "thank you" to Dr. Peter Scott and Dr. P. Briggs for their wonderful care. To Rev. Bruce Small and Rev. W. C. Cox for their many calls and messages of condolence, and a sincere "thank you" to the Salem girls for helping with the lunch. Your acts of thoughtfulness will always be treasured in our hearts. Mrs. Murray Roy Betty and Ron Williams and family 16-1p

CARD OF THANKS

Thanks to relatives friends and neighbours for help at home, cards, gifts, and calls since I was in Peterborough Civic Hospital. Special thanks to Bethel U.C.W. for the lovely flowers. Keith Clancy 16-1p

CARD OF THANKS

On behalf of the Ability Fund, formerly March of Dimes, I would like to thank all persons in Rawdon Township who contributed to this worthy cause. Special thank you to those who co-operated so well in canvassing. The dime cards and jars are now all in and a special thanks to the businesses who displayed them. Total receipts were \$242.00. Mount Pleasant Messengers

The Messenger group convened Sunday morning, April 12th in the church hall. The meeting opened with piano music by Margaret Hoard.

Mrs. W. Graff gave the call to worship. David Jeffs read the Bible lesson and David Graff read the prayer. Kenneth Hoard and Dale Harry gathered the offering which was dedicated. Kathy Sharpe read the minutes and roll call.

Mrs. Raymond McConnell announced the pot luck dinner on Sunday, May 3rd at the hall following the church service — Everyone is welcome to bring some food and enjoy the noon meal.

The children's paper "World Friends" is being discontinued at the publishing house.

For the programme Lynn Joslin contributed a piano solo. Readings were given by Ian Hubel and Dennis Hubel and Linda Hoard sang a selection. The rest of the time was spent with crafts under the direction of Mrs. McConnell, Mrs. Graff and Mrs. Stanley Williams.

Perry -- Nelson Wedding

A quiet wedding ceremony on Saturday, March 21 united Mr. James Bennett Perry and Helen Nelson in marriage. Officiating at the ceremony was Rev. James Cullen, a pastor of the United Church in Northport who is a friend of the bride.

The marriage took place at the home of the bride's brother, Hugh McMullen, in Belleville. Attending the couple were Mr. and Mrs. Elwood Greenly.

The bride chose a pink silk worsted gown with sleeves and yoke of alencon lace, enhanced with hand beading and shoes to match. She wore a corsage of white carnations and pink rosebuds in the centre, and wore two-toned leaves entwined in her hair.

The matron of honour wore a gown of blue silk worsted with pearl trim, matching blue shoes, and her corsage was of pink tipped carnations.

She wore blue flowers entwined in her hair, which matched her gown.

Following the ceremony, a reception was held at the home of her brother and the couple left later on a wedding trip by train to Vancouver. They will return by air. The couple will live in Warkworth.

Mom...we're home!

Exuberant...noisy...hungry...demanding...children. You'd better believe it. And be prepared.

It pays, for instance, to have the full-time help of electricity on your side. A well-stocked, frost-free refrigerator-freezer. A modern electric range with time and temper-saving self-cleaning oven. Small electrical helpers for quick mixing, beating, frying, percolating, opening of cans. And with a dishwasher, there goes another big chore.

As for the laundry...you can forget it. An automatic washer and electric clothes dryer will take loads off your hands, anytime.

It pays, too, to have lots and lots of hot water always at the ready. (You can count on a Cascade electric water heater for that one.)

In fact, electrical help need never end — as long as your home has ample wiring, outlets and switches. If it hasn't, speak to a qualified contractor about Electrical Modernization. Make it soon. You'll be so much happier when you hear that shout, "Mom...we're home!"

Full-time electrical help depends on up-to-date wiring

"Service With A Smile"

What Others Say

FRIENDS OR FOES?

"We are becoming a malignant, vicious people . . . I have lived here all my life and it has never been this bad!" So writes a New York newspaper columnist about his fellow New Yorkers.

Even if we admit that there is an element of overstatement for the purpose of emphasis, even if we believe that New York City, because of its nature, shows any national characteristic in exaggerated degree, Americans would do well to ponder these heavy words.

For, unhappily, there is much to bear them out on a national scale. Whatever the reasons, there are grounds for finding that Americans are increasingly becoming a contentious, short-tempered, inconsiderate, truculent people. Old-time areas of graciousness, helpfulness, consideration, friendliness are dwindling. The little touches which make life and social relations pleasant are becoming fewer.

There is a rising insistence that one's own convenience and wishes be considered first and foremost. Strikers are called, planes are hijacked, nonnegotiable demands laid down, riots loosed — all without consider-

ation of who is hurt or whose interests are trampled. There are few Americans who cannot, like the columnist quoted above, substantiate such statements.

There is no doubt that these are times that try men's tempers. Today's headlong rush, the complexity of modern living, the size of national, local, urban problems, the rise in expectations, the legitimate complaints of those discriminated against, the ever-mounting wave of technology and the ever-lowering level of service, these and countless other factors bear heavily upon contemporary man. So serious have these become in some men's minds that a new school of psychiatry is growing up devoted to studying, not the present effect of such pressures, but their future hidden effect on mankind.

The plea for a little more oil of human kindness and consideration is not a plea for a return to a state of mind which overlooked so much of what needed doing to make society fairer and juster. The greater quiet and tranquility of the past was indeed, in many instances, founded upon a lack of human conscience about the injustices of life.

But progress can be made, greater equity brought about, a better society built without the impatience and truculence which have become so widespread today. Personal advancement is worth very little if in achieving it one loses one's own sense of peace. Men and women were not born to snarl and fight like foxes, but to live in friendship and kindly consideration. This is one of the most important lessons we must learn over again.

— The Christian Science Monitor

IN MEMORIAM

GUNNING — In loving memory of my dear mother, Sarah M. Gunning who passed away April 19, 1969 after a lengthy illness.

We watched her suffer day by day. It caused us bitter grief.

To see her slowly pass away And could not give relief,

Her weary hours and days of pain Her troubled nights are passed.

And in our aching hearts we know She has found sweet rest at last.

'Tis sweet to know we will meet again When parting is no more,

And my dear mother I loved so well Has only gone before.

God knows how much I miss her, He counts the tears I shed,

And whispers "Hush she only sleeps Your mother is not dead,"

Some day, some time my eyes shall see

The face I loved so well

Some day, some time her hand I'll clasp

And never say farewell.

— Ever lovingly remembered and sadly missed by her daughter, Vera and son-in-law Carl Spry. 16-1

SPRY — In loving memory of a dear mother, S. Eureka who suddenly passed away April 7, 1969 after a brief illness.

What we would give if we could say Hello mother in the same old way,

To hear your voice, see your smile, To sit with you and chat awhile,

So you who have a mother Cherish her with care,

For you'll never know the heartache Till you see her vacant chair.

— Lovingly remembered by son Carl and daughter in law Vera. 16-1

Council Discuss Ways of Correcting Heating Problem In Theatre

Stirling Village Council met on Monday, April 20th with Reeve D. W. Rodgers in the chair. He was supported by Councillors Robert Anderson, Maurice Foulkner, Claude Trumble and Fred Brandt.

The following correspondence was read by Clerk-Treasurer W. L. Pollock:

Department of Agriculture and Food, Community Centres Grant; Hastings County Board of Education, 1970 installment payments; Department of Municipal Affairs, Municipal Election proposals; Department of Justice, information requested on Pool Rooms; County of Hastings, 1970 requisition.

Mr. G. H. Hogle attended Council and spoke on the 1970 Assessment on the Funeral Home. The 100% actual value Assessment was discussed at great length. It was the decision of Council that Council has no jurisdiction in this matter.

Clerk was instructed to bill Trenton Complex Homes for the extra cost for winter installation of sewer and water services for their house on Rodgers Drive, in the amount of \$75.00.

Repairs or other methods of correcting the heating problem in the Community Service Building were discussed at great length. Several proposals were made. The matter was left with the Property Committee to secure further information.

Motion by Anderson and Brandt that Council request The Public Utilities Commission to install a Light at Edward and Wellington streets and if necessary one on Frankford Road.

Clerk was instructed to contact Watson & Wiegand in regards to the draining of the parking lot for the new Bank building.

Motion by Faulkner and Anderson that the resignation of Mr. Bruce Bell, a member of the Committee of Adjustment, be accepted and that Mr. Donald Royce be appointed to fill the remainder of his term.

Motion by Faulkner and Brandt that the Cemetery Committee be instructed to purchase a new lawn mower for the Cemetery.

Motion by Anderson and Trumble that the following accounts be paid.

THE DAFFODIL

On a spring day many years ago, a group of Cancer Society volunteers decided to decorate the tables for a Cancer Tea with daffodils. These early spring blooms, they felt, represented a sense of hope — renewed life. This sense of hope and renewed life was exactly the feeling which the Cancer Society volunteers wanted to express in every facet of their work; Education of the public with regard to the necessity for an early visit to the doctor when warning signals are noted; Service to those unfortunate persons who were suffering from the disease of cancer; and the raising of funds to support the work of Cancer Research to find the cause and a cure for this disease.

Years later, the same group of volunteers discussed the possibility of having a Daffodil Day at the beginning of April — the Cancer Society's Campaign month. An anonymous donor ordered and paid for 5,000 daffodils to be flown into Toronto from Vancouver. A group of veterans from the Second World War sorted and cut them and shipped them out across the City of Toronto.

From then on, Metropolitan Toronto has annually celebrated Daffodil Day at the beginning of April. Other cities have followed suit. Beyond this, in every large and small centre in Ontario, Daffodil Sunday is now celebrated — with bouquets of daffodils decorating churches of all denominations, with pastors mentioning the day from the pulpits, with generous-hearted florists donating the blooms, and with public service groups distributing the flowers to the churches, banks, stores and other public meeting places throughout the province.

The message of hope which every volunteer increasingly endeavours to bring to her work is symbolized perfectly by the flowers of spring of which Shakespeare wrote. Today, they have become as much a symbol of the Canadian Cancer Society as the Caduceus.

Bride-To-Be Honoured

Miss Dorothy Forsyth, a May-bride-to-be was honoured at a shower on April 24th at the home of Mrs. Wallace McInroy, R.R. 2, Stirling.

The home was decorated with pink and white streamers and bells. A corage was presented to the bride-to-be. Mrs. Scott welcomed all present on behalf of Mrs. McInroy and opened the program with some singing, with Mrs. Douglas Farrell at the piano. Readings were given by Mrs. Mary Elliott, Mrs. Annie Morgan and Mrs. Marjorie Thompson, a solo was sung by Mrs. Mina Foster. Contests were conducted by Mrs. Eva Scott on "Groom's Wearing Apparel" and a Flower Contest.

Miss Diane McInroy read an address to Dorothy and she was presented with a large array of gifts. She made a suitable reply to all. A lovely hat was made from ribbons and bows by Mrs. Margaret Farrell.

Lunch was served by hostess and co-hostesses along with Mrs. Lois McInroy, Mrs. Alice Ketcheson, Mrs. Florence Mumby.

Engagement Notice

Mr. E. C. O'Neill

Miss W. G. Boughen

Mr. and Mrs. James Boughen, Stirling announce the engagement of their only daughter, Wenda Gayle to Mr. Ernest Christopher O'Neill, son of Mr. and Mrs. Clifford O'Neill, Lucan, Ontario. The wedding will take place May 30, 1970, at 3:00 p.m. in St. Paul's United Church, Stirling Ontario.

In Hospital

Mrs. Jack Haggerty was admitted to Belleville General Hospital, on Thursday afternoon last.

Men's 300 Club Play-Off

Sunday afternoon, April 26th, 11 of the eligible 26 men who had bowled a league 300 or over game during the season, bowled three games. The highest single game bowled earned that bowler the "300 Club" championship for this season. Keith Johnson claimed the honour with a 334 game, repeating his victory of two seasons ago. A couple of close contenders were John Reichert with a 298 game (too bad that 5 count in the last frame John); Al Boersma also had games of 285 and 250.

At Annual I.O.D.E. Meeting

Miss Rosa Spry, Provincial Councillor and Mrs. Robert Hough, Regent of The Hon. J. R. Cooke Chapter I.O.D.E. attended the 50th Annual meeting of the Provincial Chapter of Ontario, at Hamilton, on Wednesday, Thursday and Friday of last week.

Rotary Club Hosts Breakfast

Stirling Rotary Club were hosts for the breakfast at the Annual District Convention of Rotary District No. 701, held at Rock Haven Motel, Peterborough, on Friday of last week. Some eighteen members of the local Rotary Club were present for the 17.30 a.m. breakfast.

Area Man Retires From The Forces

Chief Warrant Officer Reginald (Robbie) Robinson of R.R. 4, Stirling, is shown receiving congratulations from Colonel M. T. Field, Commanding Officer Aircraft Maintenance Development Unit, Trenton, Ontario, on his retirement from the Canadian Armed Forces.

CWO Robinson has served continuously in the Canadian Forces since June, 1938, at which time he enrolled as a Wireless Electrical Mechanic. He proceeded overseas in February, 1940, where he remained until October, 1942, serving initially with 110 Squadron and later attending the Radar Mechanic (G) course at Yatesbury, England. On his return to Canada in 1941 he instructed at radio schools at Clinton and Scarborough, Ontario.

Dutch Canadians To Observe 25th Anniversary Liberation of Holland

Twenty-five years ago on May 5, 1945 at the culmination of the final drive by Canadian Forces into Holland, the people of that country were at last free of the German occupation. Each year since then, May 5 has been celebrated as Liberation Day. In Holland, this 25th Anniversary will be marked by a week of special festivities, while at the same time in Canada, Dutch Canadians from coast to coast will commemorate the day with "Operation, Thank You Canada."

In Stirling, on Tuesday, May 5th at 7.30 p.m., the Dutch Canadian residents of this area and their families will assemble at the Cenotaph, in remembrance of the Canadians who fought, and those who fell, for their freedom, and in thanksgiving for the liberation of the Dutch people. A program along the lines of our own Remembrance Day observance will be followed.

Stirling Branch 228, Royal Canadian Legion will participate in the ceremonies, and the Trumpet Brass Band, of Belleville and Trenton will be in attendance.

On this the first time the Dutch Canadians of this district have undertaken such a Memorial, the people of Stirling are invited to join with them to remember again the great price paid that we might all be free.

"Operation Thank You Canada" really began last Fall with the planting of several hundred Dutch tulips developed especially for the occasion. They are now appearing in the flower beds around the Cenotaph and will bloom during this the 25th spring since the Liberation of Holland. This change and red tulip represents the Dutch Royal Family and the Canadian blood shed in action.

Members will parade with colours at the Community Hall at 7.00 p.m., Tuesday, May 5th. Dress: Berets and Decorations. Following the ceremonies at the Cenotaph, the Legion Hall will be open for a meeting.

Local and Personal

Mrs. David Vice, Ottawa, visited on Monday, with her parents, Mr. and Mrs. John L. Good.

It Might Have Been Eugene

There were about 35 Senior Citizens present last Thursday and I'm here to tell you that no one went home hungry, for Myrtle Tanner, Ada Bush and Nellie Montgomery ganged up on us with platters of delicious sandwiches and the kind of cheese you like a lot of and there was oodles of it. A loud clapping in appreciation was extended to these three girls.

Bert Bastedo (chairman of the Recreational Council) called and congratulated us on our success as a club. He felt that the starting of Senior Citizens was one of their greatest projects. We appreciate your interest in our Club Bert, and also all others who helped us to organize.

Well it looks like we're getting the notion to roam. There's strong talk of a bus trip. Just when and where is the question. Think it over.

An absent minded jeweller was being married. When it came time to present the bride with the ring, he nervously hesitated. "With this ring..." prompted the minister. The jeweller smiled with relief. "With this ring," he continued, "We give a written guarantee, reminding the customer that the price will be refunded if it is not as represented." dis ole Scribe

Trent Resort Owners Protest Huge Government Fish Kill

By PETER VAN HARTEN
The Toronto Telegram — Resort owners and residents here have blamed Trent Canal System authorities for killing thousands of fish by tinkering with water levels on Lake Mitchell.

The fish suffocated because oxygen was drastically reduced when the water level was lowered.

"They're just like a bunch of kids in the springtime. They don't know what they're doing," said Roy Bacon, a trapper and fisherman who lives near the lake.

He is one of several people who claim their livelihoods are jeopardized by the fish kill.

The residents say the massive destruction of fish happened during the winter in the artificial lake between Canal Lake and Balsam Lake. Department of Lands and Forests officials from Lindsay and the Vic-

toria Health Unit are investigating. But canal officials say they have done their best to balance the interests of all who use the lake. "It's people's jobs they are playing with. It's now going to cost the taxpayers millions to restock the lake," said Walter Polomski who runs a restaurant, grocery and snowmobile centre with his brother at the lake.

Mr. Polomski said the lake was renowned for its bass, pickerel, and muskie fishing. The Department of Transport which runs the canal system had killed most of the fish in the lake two years ago, but had wiped out everything this past winter, he said.

W. D. Bennett, supervising engineer for the Trent Canal System, said there were fish kills every year in Mitchell Lake and that the system began experimenting with different

means of eliminating them two years ago.

It was necessary to bring down the level of the water in the lake to prepare for spring runoff and prevent flooding.

In the winter of 1967-68, the system left the gate connecting Lake Mitchell and Lake Balsam down and lowered both lakes together.

This resulted in one of the largest fish kills recorded, because the fish were trapped in pockets of water with nowhere to go, he said.

PROTESTS

The next year, the system kept the gate down again, but lowered the water level right after navigation closed Oct. 15 instead of the usual Jan. 1 date.

This worked perfectly and was no fish kill but a storm of protests came from cottage owners.

The ice froze at the low level and seriously damaged wharfs and boat houses belonging to the cottage owners, he said.

So the canal authority returned to the pre-1967 method of letting Lake

Balsam freeze at a high level. The lake is lowered Jan. 1 and the gate is lowered later in the year to allow Lake Mitchell and Lake Balsam to find a common level, he said.

HAILED

John Finlayson, director of inspection services for the health unit, said the dead fish should have been raked and hauled away to be buried instead of being flushed into Lake Balsam.

"It's not the same as a town dumping its raw sewage in the water, but it is a form of pollution," he said.

Percy W. Swanson, fish and wildlife supervisor with the department in the area, said after the large kill two years ago, fish from Canal Lake and Balsam Lake filled the gap created in Mitchell Lake within two weeks. Birds had cleaned up the dead fish within 10 days, he said.

The residents accused the department of trying to cover up the fish kill by flushing thousands of dead fish which had been trapped in the lake behind a water-control gate into Lake Balsam.

"There must have been about 15 tons of fish backed up behind the gate and they let it down and washed them all under the ice. At least they could have cleaned up the mess before lowering the gates," said Mr. Polomski.

STIRLING FOOTWEAR WORKERS AID CAMPBELLFORD STRIKERS

At a meeting recently of the Boot and Shoemakers Union of America Local 754, Stirling, and Textile Workers Union of America, Local 743, Campbellford, it was predicted that the future of the town of Campbellford was at stake due to the textile workers' strike.

Maurice Robillard, International Representative for the Textile Workers Union of America, predicted that, "due to the tremendous response shown the Campbellford strike by merchants, clergy, city officials and the general public, the future of the town depends upon the demands of the union being met by the Campbellford Cloth Company."

In negotiations held last August, it was pointed out that many of the workers in the textile plant were making less than a living wage. "There are many cases where men with large families are still taking home pay of \$51 per week; some women only \$40," explained Mr. Robillard.

"We wouldn't want to return to

conditions such as we had in 1939," said Ken Scott, and a Canadian Director of the Boot and Shoemakers Union, "where a man was making an average of ten cents an hour and he knew that if he were seen talking to the union representative, even at his home, that the next day would see him out on the streets."

"Brothers and sisters, I hope it never has to come to that," announced local 754 president Roy Lake, "and I ask at this time for anyone to move from the floor that we increase our monthly donation to Campbellford from \$10 to \$50, and I only wish we could do more."

The motion was made and seconded and the vote was pushed through.

Members of the clergy, local businessmen and interested citizens have joined the Campbellford strikers on their picket lines. According to union officials, even the manager of the plant has taken his turn on watch.

The strikers receive \$15. per week strike pay from the International Union offices. They've been out since March 26, 1970.

Said Mr. Scott, "I don't know how long these workers in Campbellford's first legal strike can hold out. It's well known that the pay is so low

that a worker can only afford to put away a few small dollars and these can't last long."

The union has been seeking an across the board increase of 70 cents an hour; a six per cent increase for 10-year employees; and eight per cent for 15 year employees; increased insurance, hospitalization and pension arrangements; shift premiums of ten cents per hour for afternoon and 15 cents per hour for night shifts; a cost of living bonus; work done on Saturdays, Sundays and statutory holidays to be raised to double rate for hourly employees and pieceworkers, among other demands.

In negotiations last August, the Campbellford Cloth Company agreed to some proposals, some in part and disagreed with others.

The company offered no increase in present wages in reply to the across - the - board increase demand; no change in the present welfare plan in makeup or basis of payment with reference to life insurance, weekly indemnity, Ontario Hospital Plan and OHSIP; shift premiums of seven cents per hour for afternoon and 12 cents per hour for night shifts was offered; no cost of living bonus; no change in the rate of overtime payment and will offer no premium payment for hours worked in excess of 40 hours or for hours worked on statutory holidays.

It was agreed at the meeting that most of the members of Stirling management in the Elaine Footwear Plant were willing to be reasonable. It was the hope of the members that by allying themselves with the Campbellford workers their own negotiations in August would not have to result in a strike.

In appeals to community and union alike, financial representative for Local 743, Keith Wallace reported donations received in excess of \$2,000. "This has come from outside

unions, old age pensioners, citizens of the town and businessmen," he announced.

"It is getting more and more difficult for the textile industry," said Mr. Scott. "It's well known that textile workers are the worst paid workers in Canada and with 50 per cent of Canada's goods being imported from Europe and Asia, it isn't making your case any easier."

The Stirling Union pledged even further support when president Roy Lake offered to make available the \$200 required to send him to Chicago to meet him with the International Representatives and send just one Stirling member, J. J. Ackers.

It was his opinion that Mr. Ackers would be able to bring back the information required to help write their contract for acceptance in their August negotiations.

At the close of the meeting, Mr. Lake announced to the international and Campbellford representatives, "the 150 members of Stirling 754 stand behind you 100 per cent; I can guarantee that."

A further gesture was extended, when an invitation was given to all workers at the Campbellford cloth plant, with their husbands or wives to attend free the Elaine Local 754 Bowling dance on April 27th.

WEEKLY REPORT FROM FOXBORO DISTRICT

(BY JACK WOOD)

LOW COST REPLACEMENT PROGRAM

A recent column related observations on calf nutrition from birth. Use of colostrum, and high quality milk replacers was stressed as important to development of healthy calves. The care of the dry cow in late stages of pregnancy, 2 or 3 weeks before the calf arrives, is equally important to ensure you have a healthy calf at the outset.

A good dry and fitting ration, or a grain ration with a 36% protein supplement as a base should supply sufficient nutrients. It will allow you to control the condition of the cow by decreasing feeding rates as she dries up. Then in late stage of pregnancy the feeding rate can be increased to match the cow's higher nutritional needs. Vitamin A and D and essential minerals are basic to good health of the calf. Phosphorous levels in the feed protects the cow and lowers incidence of milk fever.

The steps to low cost herd replacements include the feeding of the dry cow and the young calf. They don't stop there. The dairyman must also get the new calf started on dry feed as soon as they will eat it. A good 20% calf prestarter plus some free-choice good quality hay at 2 to 3 weeks of age will help develop early rumen activity.

Then from 5 weeks on an 18% grower ration plus good quality forage until the calves are about 4 months old. You can then reduce protein levels of the feed to 13%. Keep your calves off pasture until they are 6 months old. Give them some supplemental hay and grain until they are 10 months old. They should have free choice minerals as well.

A final step in keeping replacement costs low is to breed well-grown yearlings to calves at 23 to 24 months of age. This means 3 to 4 months extra of milk production over yearlings brought in at 27 to 28 months. Although it will cost you approximately \$50.00 extra to get this early production, you will gross about \$142 more income per heifer, giving you \$92.00 of increased returns in the first year.

Nova Sedan.

Now you can order the new Nova—Chevrolet's popular economy family car—at a \$185.00 price reduction. The reduction applies to all six and eight cylinder Nova models.

These Novas are equipped with the conventional rearview mirror. The day-night mirror, bias belted ply tires, cigarette lighter and seat belt retractors, formerly standard, are still available as options.

And, you get much more than you get on one of those smaller cars. A longer wheelbase and a better ride. Inner fenders to help prevent rust. Wider tread for greater stability. Rear

THE FARM NEWS LETTER OF HASTINGS COUNTY
From Ontario Department Agriculture & Food, Stirling

BASIC HERD

(by T. Wayne Martin)

At this time of year there are many requests for information on the establishment of a Basic Herd. Anyone considering a farm sale is well advised to apply for a basic herd well in advance of his sale date as the application must be filed at least thirty days prior to the date of the dispersal sale other than on the death of a taxpayer.

The main feature of the Basic Herd is that animals listed on the basic herd are considered as capital, and therefore not subject to income tax at time of dispersal. Where an individual holds a complete farm dispersal, he will usually be subject to considerable income tax for that year. The mature animals on the Basic Herd will not be subject to income tax, and this can be a great advantage.

For further information on the Basic Herd, contact your District Taxation Office in the Federal Building, Belleville.

D.H.I.A. CAN PAY OFF

(by W. D. Tipper)

It is simply good business to use every tool and every resource available in the promotion of a second business operation. It is particularly good business to make an extra effort to use them in difficult economic times. It is a question that should be reviewed constantly by, for example, the dairy farmer. One of the tools that he can use is in testing milk production. He has a choice, depending on his type of operation, to use either D.H.I.O. or R.O.P. We can likely expect in the long run that one standard testing program will evolve to suit the needs of all dairy farmers. In the case of the man who is already on test he should take a real look at his records and find out if they are providing the information he requires and more important is he really using this information. To the man who is not on test it is prob-

ty obvious that he has no individual good records on which to make decisions on breeding, feeding and management that can vitally affect his business.

In particular let's look at D.H.I.A. In the last four years, in Hastings County, we have been fortunate to increase the membership so that we now have four units with four supervisors as compared to one at the beginning of the enlargement program. In actual fact it means we have between 16-17% of the dairy cows in the county on test. This is a move in the right direction especially in a county with a large dairy herd population. Taking all counties in the Province we find that there are about 21% of dairy cattle on test. To be fully useful, our real objective is 1:1 or about 35% of all dairy cows on test.

D.H.I.A. testing programs can produce real results in two ways. The first result is for the individual operator. Once he has been on test for a twelve month period he has the first factual picture of how his herd and his individual cows are doing. We should note that there are two plans under D.H.I.A. The first is the supervised plan which usually has a waiting list from the second plan, the Owner-Sampler system. For most practical purposes the Owner-Sampler plan provides the information needed for day to day operation. In the future it will be even better with the new systems that will provide extra information to the owner. In effect, in the long run, the main difference will likely be on the question of how the sampling is carried out. The most recent figures on herds in the county are for 1968.

In these we note that T. and G. Wever, R.R. 6, Belleville had the top production herd with an average B.C.A. of 121.5 and production averages of milk 12,162; fat 465; test 3.83. The individual with such a set of figures can at the very least eliminate or cull the cows that are below the herd average and by selection can work towards introduction of heifers from the cows with the above herd average figures. This is a simple primary benefit, an easy to use tool that the individual member readily has available.

Let's look at it in a broader way. The more members we have the more cows there will be on test. Several things happen at this point. First of all some of the offspring of these tested herds will filter in the normal marketing of dairy cattle into untested herds. Over a period of time this will have an effect on production. Secondly, the more cows that are on test the better the area will be recognized as a source of cattle with facts available that the

buyer can use to make selections. The third point we sometimes forget about is that with a greater volume of cattle on test the sooner we create a self-competing operation as a widely recognized program that permits us to carry out the development of our dairy industry on a "better before bigger" basis that allows us to live within today's marketing requirements. The individual and the county milk production industry as a whole are both fighting for the best share possible of markets available, within today's market structure. Never before has the competition been so keen and we need to use every possible tool and resource that is available to us.

To take part in the D.H.I.A. program is fairly simple. Information and application forms are available from the four supervisors in the county or from the office at Stirling. About the only piece of equipment that has to be bought is a simple set of scales. The record keeping is not difficult. The first time around, like anything else, is the worst. It should not deter anyone, as unfortunately the mere suggestion of records sometimes do. The benefits in the long run make any extra efforts and costs a very minor part of it. If we want to make our county dairy industry survive as a real business then we are going to have to put the stress on what is called management. The first tool is facts; and the first facts are basic records on the cow in the dairy herd. These are production records. If we do not know these how can you change, for example your feeding system or your ration, except by some educated guess or rule of thumb, and this can cost you money in making changes without having facts. Why not use the simpler answer and join the Better Dairy Production campaign — the Better Before Bigger Campaign. Get on the Hastings D.H.I.A. program right now.

TO BEEF PRODUCERS INTERESTED IN SHOWING CATTLE

(by Ray Pender)

According to Federal Government regulations regarding the showing of cattle at Summer and Fall fairs it is necessary to have Beef Heifers and Bulls tested under a recognized testing program to be eligible for show in 1971.

The only available in Ontario is the Beef Cattle Performance Testing Program of the Ontario Department of Agriculture and Food. Anyone interested in showing should enroll their animals in this herd testing program as soon as possible by forwarding the information on each animal to Mr. H. E. McGill, Livestock Commissioner, Parliament Buildings, Toronto 182, Ontario.

Mount Pleasant

(Mrs. Percy MacMullen)

Mrs. Carman Reid, Kingston, spent a few days last week with her parents Mr. and Mrs. Sid Williams.

Mrs. Grant Hubble, Mrs. John Morgan, Miss Annie Holmes, Mrs. Percy MacMullen, Mrs. Milford Wrightman and Ross Hoard, attended the Horticultural meeting at St. Paul's Church Hall on Monday, April 20th.

Mr. and Mrs. Colin Robinson, of Havelock, spent Sunday with Mr. and Mrs. Harry McAdam.

Mr. and Mrs. Elden Chapman, of Corbyville, have purchased the farm

of Mr. Clarence Scott. They will take up residence this summer.

Mr. and Mrs. Ray White, of Banockburn, spent Friday with his father, Ernest White, and family.

Mr. and Mrs. C. Tamlin, of Woodville, spent a few days last week with their daughter, Mrs. Robert H. Hoard, Mr. Hoard and family.

Mount Pleasant U.C.W. will convene in the Church Hall Wednesday evening, May 13th at 8 p.m. Each member is asked to bring a friend. Mrs. Percy MacMullen and Mrs. Harry McAdam are arranging the program. Mrs. Fred McAdam, Belleville, will give a message on the work of the Ontario School for the Deaf.

Mr. and Mrs. Kenneth Smith, of Guelph, spent the week end with his parents, Mr. and Mrs. Hubert Smith. Mr. and Mrs. Bruce Simmons and Steven, of Cambray, spent the week end with Mr. and Mrs. Robert H. Hoard.

St. Paul's U.C.W.

The Faith Unit of St. Paul's U.C.W. held a very interesting meeting on Tuesday afternoon, April 21. Though the weather was unpleasant twenty-eight ladies attended. Mrs. B. Stapley presided.

Mrs. L. Thompson and Mrs. R. Chambers conducted a worship period on "Faith" and how it can be developed. Mrs. W. Fitchett sang a solo.

A high light of the meeting was a comprehensive paper by Mrs. G. Carlisle on drugs, mentioning the different harmful kinds, the dangers in taking them, indications of their use to watch for in young people, and what must be done if found. She stressed early teaching in the schools — not later than Grade IV — of their harmful effects. These include lead-

ing to a life of crime. The horrors of addiction and difficulties of rehabilitation were emphasized.

Another high light was a presentation by Mrs. Maurice Clancy about relations between the French and the English in Canada. By questionnaire, skit, and "Television Programme" many acts were brought out, especially about protestant work in Quebec. Mentioned was the French language paper, "Credo", which interprets protestantism to Roman Catholics, and fifty percent of its readers are Catholic Church port-workers are on hand to help immigrants with language, job, and travel problems on arrival in Canada. Dialogue Centre in downtown Montreal, now in its fourth year, is an ecumenical centre for the unchurched where students are regular visitors, and discussions on current social issues take place. The United Church secondary school at St. James was also mentioned. Discussion followed on how warriors between English and French can be overcome. Being informed about what concerns each other is important, such as the upcoming election in Quebec. Student exchanges were also commended.

An enjoyable half hour with refreshments closed the meeting. Mrs. H. Wells expressed thanks to all who took part and helped to make it a success.

Spring Brook Local No. 334 National Farmers' Union Held Charter Night

Spring Brook Local No. 334 held their Charter Night in the Spring Brook Hall on April 8th, 1970. The evening commenced with a delicious pot luck supper supplied by the members. The meeting convened at 8.30 p.m. with Murney Bateman acting as

chairman and Mrs. George Williams as secretary. The meeting opened with the singing of the Queen, followed by a welcome to the guests and National Officers. The guests were introduced as follows:

Mr. Otto Prues, Ontario Regional Co-Ordinator from Bruce County; Mrs. Norma Fralick, Women's Ontario Regional Co-Ordinator; Mr. Wm. Langdon, member of the Ontario Regional Executive and Chairman of the Milk Committee.

Mr. Walter Miller, Vice-President of the National Farmers' Union was unable to be present due to the rallies in Western Canada.

All speakers gave a very inspiring talk on N.F.U. and the duties of all elected officers.

Resolutions were then dealt with and the election of officers followed, conducted by Mr. Otto Prues.

President — Wesley Finch
1st Vice-President — Jack Spencer
Secretary-Treasurer — Mrs. Harper Bateman

Directors — Mr. and Mrs. Murney Bateman, Mr. and Mrs. James Spry, Mr. and Mrs. James Mumby.

The President accepted the office and each elected member signed the Charter, changing Local 171 to Local 334.

The chairman thanked the guests for helping to make Charter Night a success.

April Meeting

The April meeting of Local 334 was held at the home of Mr. and Mrs. Jas. Mumby.

A report was given by Shirley Reid concerning the meeting that had been held in Plainfield Hall concerning milk.

Next meeting will be held May 12th at the home of Mr. and Mrs. Morton Reid.

Mr. Jack Spencer thanked Mr. and Mrs. Mumby for the use of their home
